

CITY OF DOVER

TRAINING, CONFERENCE & TRAVEL POLICY

A. INTRODUCTION

1. Purpose

The purpose of this policy is to provide guidelines under which City of Dover employees, public officials, and appointees will be reimbursed for authorized travel expenses incurred in the conduct of business for the City of Dover, hereinafter referred to as "City". In addition to the guidelines, specific procedures with regard to incurring and reporting related expenses are provided.

2. Scope

This policy shall apply to employees of the City of Dover, elected officials, boards, commissions and others, who are engaged in authorized travel and who expend City funds for travel purposes. The Mayor and Members of City Council are not required to submit a Travel Authorization and Completion Form, but are required to follow the financial and budget requirements of this policy.

While this policy does not cover every possible situation, it establishes adequate guidelines for employees and officials to make appropriate and consistent judgments regarding the expenditure of City funds for reimbursable expenses.

It remains the responsibility of city management to control and approve travel-related expenditures. The City Manager and Finance Director may impose more stringent rules when deemed appropriate or necessary.

The City Council and the Finance Department will periodically (at least annually) review the implementation of this Policy and will provide policy interpretations and assistance to ensure effective and efficient implementation. Any exceptions will be subject to approval by the Council and Finance Department. Exceptions will only be made in particular cases where adequate justification is presented. The City Council and Finance Director may also, on a case-by case basis, approve reimbursements exceeding the guideline amounts referenced in this policy. In any such instance, a detailed explanation and substantiation (a receipt) is required. Enforcement of this policy will be the responsibility of the Finance Director.

C. TRAVEL AUTHORIZATION

All out-of-state travel that extends beyond one day shall be approved by the City Manager or Council Designee. All requests shall be made on the "Travel Authorization and Completion Form" (City of Dover - Form 047). A copy of the conference or meeting program shall be attached to the form. The authorization form should be submitted to the manager in a reasonable amount of time prior to the traveling day.

The Department Manager, City Manager, or Council designee may impose specific requirements as to the time the authorization form must be submitted prior to travel.

Employees and Officials traveling on official City business should be aware that the approval is for travel only, and is not a blanket approval of the expenses incurred.

D. TRANSPORTATION: COMMON CARRIER

1. General

All trips requiring the use of common carrier must be pre-approved by the appropriate approval authority.

The mode of travel must be justified on the basis of the most economical use of time of the personnel involved, the cost of optional travel modes, and the requirements of the trip.

All common carrier reservations must be consistent with reasonable business travel planning, common carrier will be booked at the lowest available fare. If the lowest available fare is turned down by the traveler, the traveler's explanation for the denial is to be provided with the travel authorization request.

Travelers should be advised to make travel reservations as far in advance as possible to attain the lowest fares, including non-refundable tickets. Travelers may not specify particular airlines or other carriers to accumulate mileage on promotional plans such as frequent flyer programs.

In order to take advantage of special discount rates (supersaver fares, etc.), payments to the travel agent or reimbursement to an employee may be made prior to a trip being taken under the following conditions:

1. Documentation of the substantial savings that will accrue to the City (i.e., supersaver discounts).
2. Employee's proof of payment on a statement from the travel agency or airline, other than credit card receipts.

Most airlines will not give refunds or partial refunds for supersaver airfares.

It is encouraged to examine the advantage of fares requiring early trip departure or delayed return. However, it is important to consider the additional cost of meals and lodging for the required extra day(s) stay when comparing cost.

2. Air Travel

- a. Accommodations - When commercial airlines are used as a mode of travel, accommodations shall be coach/economy class unless some other class accommodations are more economical.
- b. Routing of Travel - All travel will be by the most economical and direct routes.

In the event that a person travels by an indirect route for personal convenience, the extra expense shall be the responsibility of the individual. Reimbursement for expenses shall be based only on the cost of the most economical and direct route.

- c. Conference Airfare Arrangements

When attending a conference, always check conference materials to see if special airline discounts are offered. When a special airline discount rate is offered and conferees are instructed to go directly to an airline or a specific travel agency to obtain the discount fare, all fare and file number information should be given to the travel agency. The travel agent will then attempt to obtain the conference rate, government rate or lower rate, for the traveler. (See Section E.3. for Conference Lodging Arrangements) If a lower fare is not available, the conferees may make their travel arrangements directly utilizing the conference instructions.

3. Rail Travel

- a. Accommodations

When it has been determined that rail travel is the most appropriate mode of transportation, the most economical class accommodations shall be utilized.

E. TRANSPORTATION: PASSENGER VEHICLES

1. City-Owned Vehicles

City-owned vehicles should be utilized for out-of-state travel when such use is the most practical and economical mode of transportation, including the cost of tolls, fuel and parking.

2. Privately-Owned Vehicles

- a. The use of privately owned vehicles for out-of-City travel shall require prior approval of the appropriate department manager with approval authority. Reimbursement of private vehicle expenses shall be at the Standard Mileage Rate as set by the federal government for actual and necessary miles traveled. Beginning and ending odometer readings are required for the reimbursement for mileage.

In considering approval, the approval authority shall take into consideration the cost of alternative modes of travel and the cost of meals and lodging for the additional travel/transit days. Mileage reimbursements shall not exceed the cost of airfare plus travel to/from the airport.

- b. When two or more employees travel in a privately owned vehicle, only one mileage reimbursement shall be allowed.

3. Rental Cars

a. General

The use of a rental car when traveling out of state must be justified as an economical need and not as a matter of personal convenience. Approval by the City Manager is needed prior to arranging for car rental. All rentals should be at the most economical rate per day including government rates or special rate agreements. When traveling in groups, sharing of cars, when practical, should be done to minimize costs. The city will not pay for the use of a rental car to accommodate family members or non-business associates traveling with the employee, public official, or appointee.

b. Vehicle Size

Whenever possible, compact cars shall be rented or reserved. However, if a larger size vehicle is more economical or more than two city travelers are traveling together the larger vehicle may be appropriate. Any representative of the City requesting an upgrade of the size of a rented vehicle shall provide a written explanation of their reasons. A receipt will also be required.

c. Insurance

(1) The optional insurance coverage offered by the car rental agency shall be declined when the traveler charges the rental car. The traveler will automatically receive primary coverage under the City blanket insurance policy for travel. When insurance is declined, the policy covers collision damage, theft, fire and vandalism. Reimbursements for additional or optional insurance coverage will not be allowed.

(2) Other. Travelers not covered under the blanket insurance policy may be covered by their personal automobile insurance policy or other personal credit cards. Travelers should check their automobile policy and credit card policy for business travel coverage and accept or decline additional coverage accordingly. Reimbursement for additional or optional insurance coverage will not be allowed without prior approval from the department approval authority.

d. Refueling Before Return

To avoid a refueling surcharge, all rental cars shall be refueled before returning the vehicle to the rental company. Any surcharges billed to the employee, public official, appointee, or City shall be explained in the reimbursement request.

e. Reservations

Car rental reservations shall be made through the travel agent whenever possible.

F. LODGING

1. General

City travelers are expected to seek accommodations that are comfortable, convenient, meet business and personal needs and offer good value.

2. Accommodations

- a. Lodging accommodations for reasonably priced single occupancy rooms are reimbursable when the traveler is away from home overnight due to official travel.
- b. Accommodations shared with family members or others not on official City business are reimbursable at the single occupancy rate only.

- c. Accommodations shared with other state travelers should be billed and reimbursed to one traveler. When required, reimbursements to more than one traveler shall be based on a pro rata share as reported on each reimbursement request.

3. Conference Lodging Arrangements

Hotel reservations should be made through the travel agent whenever possible. When hotel rooms are blocked for a conference, seminar, etc., and a special discounted conference hotel rate provided, the employee/official should inform the travel agent, who will attempt to obtain the conference rate, government rate or lower rate, for the employee/official. If a lower rate is not available, the conferees should make their lodging arrangements directly utilizing the conference instructions.

4. Occupancy Tax

The City is exempt from the tax on occupancy of hotel, motel and tourist home rooms within Delaware only. When in-state overnight accommodations are necessary, the employee should be provided with a copy of the Occupancy Tax Exemption Certificate (see Exhibit C) to be presented to the lodging facility. Tax on occupancy of hotels in other states must be paid.

G. MEAL ALLOWANCES

1. General

The City will pay for or reimburse an employee/official for the necessary and reasonable cost of meals incurred during out of state travel requiring overnight lodging.

Meal costs incurred over and above those provided as part of a registration fee are not reimbursable unless justified as a special circumstance (e.g. special meeting or diet restrictions).

There will not be any reimbursement for the meals when the meals are provided by the host organization and when meals are provided as part of the airfare.

Exceptions are to be approved by the City Manager and Finance Director.

Only per diem rates as prescribed by the Federal Government for official travel will be provided for meal allowance (Exhibit A).

If an employee is traveling partial days on any calendar day, the City will prorate the applicable M & IE rate at 75 percent. This applies to both day of departure and day of return. When meals are provided by the host, the meal allowance will be reduced by 25% for each meal provided.

2. Day Trips, In-state Travel and Before or After Hours

The meal allowance for day trips out of the City will be reimbursed at actual cost, not to exceed 25% of the per diem allowance for each meal. Assignments requiring overnight lodging may be approved as long as the amount does not exceed the allowances established. The meal allowance for working before or after hours as a general rule are not encouraged, but may be approved by the Finance Director on a case-by-case basis as long as the amount does not exceed the allowances established.

H. CASH ADVANCES

Travel advance checks will not be issued to employees, public officials, or appointees in the form of general disbursement checks. Employees, public officials, and appointees will be reimbursed for travel related expenses after the trip or event has been completed.

Employees, public officials, and appointees shall use the City purchase order when making travel arrangements when time permits. If there is a time constraint in processing a purchase order, a request for permitted use of the City credit

card, accompanied by the proper documentation, will be sent to the Finance Department. Employees and officials are also encouraged to use a personal credit card and request reimbursement when they return. The City will pay in advance the following costs:

- a. Conference/Training registration fees. Such payment will be made payable and mailed directly to the organization. This will be done through a purchase order submitted by the department after the trip is approved. A copy of the registration form describing the registration fees and a detailed itinerary of the event must be attached to the purchase order.
- b. Airfare. The check will be made payable and mailed to the travel agency upon submission of a purchase order.
- c. Lodging. The check will be made payable to the motel and will be given to the person for whom the lodging arrangements are made. The employee must provide the rates and information pertaining to applicable taxes in advance and submit a purchase order for the same.
