CITY OF DOVER

POSITION DESCRIPTION

TITLE: ACCOUNTANT I

FLSA: Exempt

GENERAL DESCRIPTION

Performs professional accounting work; examines, analyzes, and verifies fiscal records and reports; assists in the preparation of financial reports and provides advice and information on accounting practices and procedures; may provide work direction to technical and clerical employees; performs related and other work as required all within the context of the City's Mission, Vision.

Knowledge of accepted principles and interrelationships of accounting, auditing, and fiscal management; of accounting systems and data processing interrelationships; of modern office methods, procedures, and equipment; and of spreadsheet software. Ability to effectively apply accounting and auditing techniques and procedures in the work performed; to prepare clear, complete, concise reports; to communicate effectively orally and in writing; and to establish and maintain cooperative relationships with those contacted in the course of work.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Performs professional accounting work in accordance with a prescribed accounting system and generally accepted principles of accounting.

Verifies budget authorizations; verifies, approves, and screens fiscal documents such as warrants and requisitions.

Assists in annual report preparation.

Analyzes and reconciles expenditure and revenue accounts and coordinates various accounting records with information received from data processing.

Assists in the preparation, analysis, and review of reimbursements, expenditures, fund condition, or other proprietary and budgetary accounts.

Verifies financial reports and statements and accounts and records of expenditures.

Reviews entries made to various financial records for proper coding and maintenance of proper accounting procedures.

Maintains general ledger and reconciles detailed accounts to general ledger controlling accounts.

Reconciles City-owned vehicles as listed on the fixed assets with the City Clerk's registration records.

Maintains records for City's fixed assets group of account.

Conducts audits of various petty cash funds, evaluation cash handling procedures for compliance with accepted accounting practices.

Assist with the various payroll and accounts payable activities normally performed by other accounting personnel.

May provide work direction to technical and clerical employees.

Answers a variety of inquiries and provides information regarding the assigned Finance Department activities.

Promotes the City's Mission to make Dover a city of the highest quality by providing responsive, cost-effective, and innovative government services; understands and subscribes to the Vision and Mission Statement adopted by the City.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Compiles, examines, or evaluates data or information and possibly recommends action based on results.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Provides assistance to people to achieve task completion; may instruct coworkers.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Supervises the handling of machines, tools, equipment, or work aids involving extensive latitude for judgment regarding attainment of standard or in selecting appropriate items.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving considerable economies and/or preventing considerable losses through the management of a large division or minor department, and/or handling of very large amounts of money.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires no responsibility for the safety and health of others.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses basic algebra calculating variables and formulas, and/or basic geometry, calculating plain and solid figures; may compute discounts, interest, ratios, and proportions, and percentages.

COMMUNICATION REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads technical instructions, charts, and/or procedure manuals, composes routine reports and complete job forms; speaks compound sentences using standard grammar.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs work involving policy and guidelines, solving both people and work related problems; requires continuous, close attention for accurate results and frequent exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Negotiating, exchanging ideas, information, and opinions with others to formulate policy and programs or arrive jointly at decisions, conclusions, or solutions.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Establishing long range plans and programs, identify funding sources, allocate funds for, and implement long range capital improvements, major construction projects, major equipment, rolling stock, and new technology systems which support goals and objectives of the organization.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility for achieving major economies or preventing major losses through the management of a highly complex and/or technical department, or through developing and recommending policy as legal counsel.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires responsibility and authority for the development of policies regarding the provision of continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Using algebra working with such factors as exponents, logarithms, linear and quadratic equations; concepts of analytic geometry, differentiation and integration of algebraic functions; statistics applying such functions as frequency distribution, reliability, validity and correlation techniques; finance and economics using financial and econometric models.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads scientific and technical journals, abstracts, financial reports, and legal documents; writes complex reports; makes presentations to professional and civic groups.

ASSISTANT PUBLIC WORKS DIRECTOR

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs work involving the application of principles of logical thinking, scientific, or legal practice to diagnose or define problems, collect data and solve abstract problems with widespread unit or organization impact; requires sustained, intense concentration for accurate results and continuous exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with severe impact - affects entire organization, other activities/organizations, the general public, and a wide geographic area; loss of life and/or damage is highly likely.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires bachelor's degree in civil engineering, or a closely related field. Master's degree in Business, Public Administration or Engineering preferred.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires valid Delaware Driver's License and Professional Engineer License.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires a minimum of eight years of related experience.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refer to the requirements for physical exertion and coordination of limb and body movement.*

Requires sedentary work involving standing or walking for brief periods, exerting up to 10 pounds of force on a regular basis, and moderate dexterity in operating machines, tools, or office equipment.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refer to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to no unusual environmental hazards.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, and depth perception.

ASSISTANT PUBLIC WORKS DIRECTOR

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

3/2019

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: DEPUTY DIRECTOR OF COUNCIL AFFAIRS AND CONSTITUENT SERVICES

FLSA: Non-Exempt (Grade 123)

GENERAL DESCRIPTION

This is a professional position with a high degree of responsibility for managing all aspects of constituent services and Council affairs, including policy research and implementation, coordination of Council and committee meetings, and service as the point of contact for constituents and interest groups on municipal matters. The incumbent is called upon to maintain impartiality while balancing and protecting the interests of the City, the citizenry, and members of Council. While attending to the ever-shifting priorities faced by a municipality on a daily basis, the incumbent is responsible for a multitude of cyclical duties including Council and Committee meeting preparations, municipal and special elections, and records management. Decision-making and working independently are fundamental to this position.

The position of Deputy Director of Council Affairs and Constituent Services requires a vast amount of specialized and detailed knowledge regarding the City's Municipal Code; parliamentary procedures; election procedures, records retention; database management; technology related to recording software and a variety of computer programs; implementation of the Freedom of Information Act; and a number of municipal procedures for actions such as rezonings, annexations, referendums, and the adoption of ordinances.

PRIMARY DUTIES:

Assists in the management and coordination of all Council affairs and events, including scheduling, monitoring and tracking all proceedings before Council and actions taken by Council.

Serves as a liaison between staff and Council, providing advice and assistance to all groups in accomplishing City business.

Serves as point of contact for constituents, assisting them in presenting their concerns to staff and Council and providing advice on municipal matters.

Oversees assigned personnel, including training, assigning and evaluating work, prepares time sheets. Counseling and disciplining in the absence of the Director of Council Affairs and Constituent Services.

Prepares and types correspondence, resolutions, proclamations, ordinances, meeting agendas, memoranda, documents, reports, or other materials observing strict confidentiality.

Attends staff, Council/Committee, and other professional meetings to exchange information and/or to take minutes; transcribes and distributes minutes to appropriate personnel.

Assists with preparation and conducting of City elections.

Conducts property annexations; prepares for property rezoning.

Performs research for Council, staff, and citizens.

Performs administrative tasks such as tracking budget for Clerk and Council, providing monthly budget report for Council and assisting with maintaining files/records, and coordinating records retention/destruction.

DATA RESPONSIBILITY: Data are information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.

Coordinate or determine time, place or sequence of operations or activities based on analysis of data or information and may implement and report on operations and activities.

Responsible for receiving a voluminous amount of information which is directed to Council through the Clerk's Office. They sift through data, analyze the implications of the material, and make sure that Council is kept informed of all significant issues. The Clerk and Assistant Clerk must ensure that Council receives prompt and accurate information, as lapses in this area can have serious public relations and legal implications.

The Clerk's Office is responsible for maintaining the City's history and making it available to Council and committee members, which is vital to members as they address longstanding issues that come before them for consideration. The Director and Deputy Director research current issues and provide historical context to members as they address concerns related to policy and procedure. In addition to conducting research and accumulating information, the Director and Deputy Director must synthesize this data to develop solutions for problems presented by the public, staff, and Council. This often requires a high degree of innovation to find creative strategies for achieving goals.

The Director serves as the City's archivist, with responsibility for implementing and monitoring procedures for managing all City records. The Director and Deputy Director must ensure that all data is handled in conformance with State procedures that dictate records retention. They serve as consultants to all departments and provide guidance on information storage, disposition, and retention to ensure that the City's constituency has access to public records.

The Clerk's Office provides instruction and expertise to staff in regard to indexing and storing information in Fortis, the City's electronic database and serve as the City's liaison with the provider of this software. The Director and Deputy Director ensure that data is stored in such a way to provide Council, staff members, and the public timely access to reliable information.

PEOPLE RESPONSIBILITY: People are defined in the normal sense of the word and means co-workers, customers, crime victims, patients, the general public, and any other persons the employee may encounter in the course of work.

Counsel or instruct/train others through explanation, demonstration and supervised practice or making recommendations based on technical expertise.

The Director and Deputy Director work with a wide-ranging assortment of individuals on a daily basis. They are called upon to use the utmost in tact and discretion as they respond to the needs of those who solicit their advice. Following are examples of some of the individuals and groups that the Clerk's Office deals with regularly:

The Director of Council Affairs and Constituent Services reports directly to the nine (9) members of City Council. Council members are elected for staggered terms of office, but the Clerk's Office remains constant in its support role. The Director and Deputy Director establish and maintain procedures that provide continuity for Council members and City staff. Because newly-elected members are often unfamiliar with City policy and parliamentary procedure, the Clerk's Office provides orientation, education, and guidance to new members as they become familiar with City procedures.

Council members do not maintain offices at City Hall, the Director and Deputy Director act as the "face" of Council by serving as Council's point of contact between fellow Council members, committee members, City staff, and the public. They provide advice to all of these parties on how best to accomplish their goals, within the framework of the requirements set forth in the City's Municipal Code.

The Clerk's Office serves as one of the City's primary points of contact with the public. The Director and Deputy Director are called upon to respond to constituents and interest groups from a variety of backgrounds (who may often be passionate about their concerns), by providing information, solutions to problems, education on City policy, or direction to the appropriate City department. In addition, they have frequent contact with the press and must respond with a high degree of accuracy and diplomacy.

The Clerk's Office serves as a liaison between the City and candidates for election. The Director and Deputy Director provide education and advice to candidates regarding election procedures and ensure that candidates are kept informed on City matters.

The Director and Deputy Director interface with State legislators as they assist Council to seek endorsement of legislation related to City policy, such as amendments to the City's charter.

The Clerk's Office networks with a number of State jurisdictions and agencies on a regular basis (e.g., various municipalities throughout the State, the Delaware Public Archives, the Department of Elections) and must maintain good rapport with these organizations.

ASSETS RESPONSIBILITY: Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.

Has responsibility and opportunity for achieving major economies and/or preventing major losses through the management of a moderate sized department, authorizing expenditures of large amounts of money or supervising the purchasing of high value materials, supplies and equipment, or for providing routine legal counsel.

The Director and Deputy Director serve as the City's Assistant Treasurer, responsible for confirming wire transfers in the absence or unavailability of the Controller/Treasurer.

In addition, the Director and Deputy Director play a key role in protecting the City's financial assets from legal liability. They provide guidance to staff and Council on interpretation and conformity with the City's Municipal Code. They advise Council on how to accomplish their goals within the framework of the provisions of the Code. The Director and Deputy Director ensure that matters considered by Council are addressed in the proper sequence and according to correct parliamentary procedure, so that the actions taken by Council are legally binding.

The Clerk's Office oversees a number of "routine" matters (which are rarely routine due to the large number of special circumstances and the complexity of the issues considered), such as elections, rezonings, alley abandonments, annexations, adoption of ordinances, recording of legal documents such as easements, etc. Each of these matters involves a lengthy, detailed, step-by-step process. Failure to develop, implement, and abide by these procedures can leave the City vulnerable to lawsuits and significant monetary losses.

EXPERIENCE REQUIREMENTS: Experience refers to the amount of work experience that is required for entry level into the position that would result in a reasonable expectation that the employee can perform the job. It may be experience that can be gained on the job or experience in a previous job.

Requires a minimum of three years' experience.

The job duties of the Director and Deputy Director require a vast amount of specialized and detailed knowledge regarding the City's Municipal Code; parliamentary procedures; election procedures, records retention; database management; technology related to recording software and variety of computer programs; implementation of the Freedom of Information Act; and a number of municipal procedures for actions such as rezonings, annexations, referendums, and the adoption of ordinances. Because the Clerk and Assistant Clerk play such a pivotal role between Council and the staff/public, the implications of failure to understand this information are serious. It would be impossible to assimilate the depth of knowledge required in a period of less than three (3) years.

VOCATIONAL/EDUCATIONAL PREPARATION: Vocational/Educational preparation includes job specific training and education that may be acquired in a school, work, military, institutional or vocational environment. It does not include the orientation time required of a fully qualified worker to become accustomed to the special conditions of any new job. Nor does it include the amount of time that a worker spends to learn reasoning, language, and mathematical skills, which are often learned in school.

Requires Associate's degree, vocational technical degree or specialized training that is equivalent to satisfactory completion of two years of college education

MATHEMATICAL REQUIREMENTS: Mathematics requires the use of symbols, numbers and formulas to solve mathematical problems.

Using basic algebra involving variables and formulas and/or basic geometry involving plane and solid figures, circumferences, areas, and volumes and/or computing discounts and interest rates.

The Deputy Director must use be confident with financial math skills as they formulate, monitor, and evaluate the Department's budget. In addition, they must apply their knowledge of fractions, percentages, proportions, and measurements as they evaluate election results and prepare municipal election reports and annexation referendums.

COMMUNICATIONS REQUIREMENTS: Communication involves the ability to read, write, and speak.

Reading and interpreting professional materials involving advanced bodies of knowledge related to politics, economics, technology, law, medicine, and other complex disciplines; writing extremely complex papers and reports; speaking to high level scientific, political, economic, legal, medical, or other such groups

Requires high-level reading, writing, and verbal skills. Communicates on a regular basis with City Council, staff members, and constituents using a high degree of diplomacy and tact. Must be able to read, interpret, and explain complex information related to State and municipal Code, contracts, and policy. Prepares a variety of documents including minutes, reports, correspondence, and policy statements. Requires strong writing skills and a thorough command of the English language, including grammar, spelling, and punctuation. Public speaking may be required.

JUDGMENT: Judgment refers to the frequency and complexity of judgments and decisions given the stability of the work environmental, the nature and type of guidance, and the breadth of impact of the judgments and decisions.

Decision-making is a significant part of job, affecting a large segment of the organization and the general public; works in a dynamic environment, responsible to assist in developing policy and practices.

The Clerk's Office is an extremely fast-paced environment. There are a large number of cyclical tasks that are fundamental to the office, such as preparing Council and committee meeting packets; conducting annual Municipal, Pension Board, and Fire Company elections; and preparing the Department's annual budget. The Deputy Director must constantly balance tasks that have recurring deadlines with the persistent influx of new tasks. They must balance the needs of members of Council, the public, and City staff, requiring the continuous use of judgment to balance shifting priorities.

Because Council is not present at City Hall on a daily basis, the Clerk and Assistant Clerk must take responsibility for making good decisions independently and must remain cognizant of the legal implications of all decisions made and protect the interests of the City and its constituents.

Must often exercise good judgment in educating staff and Council members on proper procedure or the most favorable approach to accomplishing goals. They must be willing to accept controversy, determine the proper course of action, and advocate strongly for the approach that is the most advantageous for all involved. This requires the utmost in good judgment and diplomacy.

COMPLEXITY OF THE WORK: Reasoning requires consideration of factors and variables to derive solutions to problems.

Performs work involving the application of logical principles and thinking to solve practical problems within or applying to a unit or division of the organization; requires continuous, close attention for accurate results and frequent exposure to unusual pressures.

Reviewing the factors listed under “Data Responsibility,” “People Responsibility,” “Assets Responsibility,” and “Judgment” will provide an accurate picture of the complexity of the duties performed by the Deputy Director. The individuals in these positions are subject to constant stress and often work in “uncharted territory” as they balance the needs of Council, staff, and the public; research and analyze data to develop creative solutions to problems; and develop and monitor policies and procedures to ensure conformance with City code.

IMPACT OF DECISIONS: Mistakes can cause consequences such as damage to equipment and property, loss of data, exposure of the organization to legal liability, and injury or death for individuals.

Impact of decisions is very serious - affects entire organization and the general public or loss of life and/or damage could occur and probability is very likely.

Reviewing the “Data Responsibility,” “People Responsibility,” “Assets Responsibility,” and “Judgment” sections above will provide an accurate picture of the impact of the decisions made by the Deputy Director. Proper decisions made by the Clerk’s Office allow for Council, committee members, staff and the public to conduct business and accomplish their goals. Improper decisions can result in public relations concerns, lawsuits, and the loss of financial assets.

PHYSICAL DEMANDS: Physical demands refers to the physical exertion and dexterity requirements involving coordination of limb and body movement.

Light work that involves walking or standing most of the time and involves exerting up to 20 pounds of force on a regular and recurring basis or skill, adeptness and speed in the use of fingers, hands or limbs on repetitive operation of mechanical or electronic office or shop machines or tools within moderate tolerances or limits of accuracy.

**CITY OF DOVER
POSITION DESCRIPTION**

**TITLE: ASSISTANT TO THE DIRECTOR OF COUNCIL AFFAIRS
AND CONSTITUENT SERVICES**

FLSA: Non-Exempt (Grade 117)

GENERAL DESCRIPTION

The essential function of the position within the organization is to provide administrative, organizational, and clerical support. The position is responsible for tasks of responsibility for the assigned department. The position works under general supervision independently developing work methods and sequences.

This is high level, administrative work involving the performance of responsible administrative duties in the City Clerk's Office (Office of Council Affairs and Constituent Services). Considerable judgment and initiative are required in establishing or adapting work procedures to new situations, and in performing varied clerical and administrative service to support the City Council and the City Clerk (Director of Council Affairs and Constituent Services). The work requires a knowledge of the functions and standard terminology of many departments. The work is reviewed upon completion but frequently no check is made of data compiled or records prepared. Supervision is exercised over clerical assistants. Requires almost constant decision making affecting coworkers, customers, clients or others in the general public. Work is performed in a moderately fluid environment with guidelines and rules, but requires frequent variations from the routine.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

1. **Serves as an Administrative Assistant in the Clerk's Office**

General Statement of Duties (Administrative Assistant)

Interacts with other departments, citizens, and City Council to provide information/assistance and resolve issues and complaints.

Performs administrative functions such as preparing paper and electronic packets for Council and Committee meetings.

Prepares and types correspondence, memoranda, documents, reports, spreadsheets, e-mails, or other materials observing strict confidentiality; takes and transcribes dictation; performs research as required.

Proofreads and edits correspondence, newsletters, and other materials prepared by City personnel.

Attends staff, committee, and other professional meetings to exchange information and/or to take minutes; transcribes minutes of meetings in which several speakers participate, or takes and transcribes difficult dictation involving technical terminology; prepares meeting agendas; and distributes copies as required.

Performs routine office tasks such as setting up and maintaining filing systems, processing mail, faxing, and photocopying.

Supervises assigned personnel, including training, assigning and evaluating work, and counseling.

Performs accounting tasks such as processing invoices, purchase orders.

Serves as receptionist, screening telephone calls and visitors; provides routine and sensitive information, routes persons to appropriate department/personnel, or takes messages.

Processes incoming departmental mail, opening and routing mail as appropriate; prepares mailings.

Schedules and maintains calendar of appointments for City Clerk (Director of Council Affairs and Constituent Services) and City Council members; makes travel arrangements.

Compiles information/data and assists in preparation of departmental budget.

Organizes and maintains files and records; destroys records as appropriate; performs data entry of specific departmental information.

Prepares and submits payroll information; responds to personnel and policy and procedure information requests; processes applicant paperwork and assists with new employee orientation.

Maintains inventory of supplies for area of responsibility; requisitions supplies and/or office equipment.

Assists with organization of department- or City-sponsored functions.

Gathers and maintains information/data to support periodic and special reports for the area of responsibility; makes copies and distributes to appropriate personnel/departments.

Required Knowledge, Skills, and Abilities: Thorough knowledge of office terminology, procedures and equipment and of business arithmetic and English; excellent word processing skills; good knowledge of elementary bookkeeping; ability to transcribe dictation; ability to follow complex oral and written directions; demonstrated ability to maintain complex clerical records and prepare reports from such records; ability to make decisions in accordance with ordinances, regulations and established policies where errors could easily result in additional costs to the City; ability to make relatively complex mathematical computations rapidly and accurately; ability to plan and supervise the work of others; good judgment; willingness and ability to adapt to new office procedures as required; working knowledge of computers and office applications; regular and timely attendance; performance of duties in a safe manner.

2. Serves as City-wide Records Management Coordinator

General Statement of Duties (Records Management)

Working within the City Clerk's Office (Office of Council Affairs and Constituent Services), this position is responsible for the implementation and maintenance of the City Records Management Policy, which includes the maintenance, storage, retrieval, retention, and disposal of City documents.

Distinguishing Features of the Class (Records Management)

This is a highly responsible position which involves organizing, prioritizing, and coordinating records activities to ensure documents are maintained in accordance with City policies and applicable state and federal laws. Activities of the records management system shall include

manual and electronic records. Work also involves researching and tracing documents and correcting inaccuracies in permanent records. This individual shall serve as the coordinator for all city departments and shall develop, or assist in the development of, records management procedures specific to those departments consistent with federal and state laws, the City Charter, and the City Code, and shall serve as the City's liaison with the Delaware Public Archives. Will involve working with records that are confidential. Considerable judgment is required to make independent routine decisions consistent with City and departmental policies and procedures; position receives minimal supervision.

Examples of Work (Illustrative Only) (Records Management)

Engages in the maintenance, storage, retrieval, retention and disposal of records and files;

Plans, organizes, and maintains the records for the City, working directly with each department's assigned records coordinator;

Monitors, reviews, and evaluates the work of City staff engaged in records maintenance to ensure conformance with City policies and state and federal laws;

Responsible for handling requests of the Mayor, Council, staff, and citizens with regard to researching records for information;

Assists in developing training schedules, records retrievals, and destruction of records in accordance with legal requirements;

Coordinates optical imaging system activities and manual record keeping functions;

Develops and implements recordkeeping procedures for the maintenance and control of records, and reviews and audits files for accuracy;

Responsible for working with other departments with records retention, including having their records incorporated into an imaging system, meeting archiving requirements, and records disposition;

Acts on behalf of the City Clerk (Director of Council Affairs and Constituent Services) to ensure retention schedule compliance of all city records and, when archiving requirements have been met, assists in the disposition of records;

Analyzes, interprets, and verifies applicability of laws, rules, and standards and communicates with appropriate staff/officials to ensure proper interpretation and requests corrected documentation when there are discrepancies;

Evaluates and analyzes records systems, making recommendations for new/revised policies, procedures, goals, projects, and priorities;

Maintains manual and computer records and develops a variety of operational reports.

Performs related work as required. The above information is designed to indicate the general nature and level of work performed within this job classification. It is not designed to contain or be interpreted as a comprehensive inventory of all duties and responsibilities required of positions assigned to this classification.

Required Knowledge, Skills, and Abilities (Records Management)

Knowledge of the principles and practices of records management. Must have knowledge of or willingness to learn imaging systems and operating procedures for accessing records as well as the City Charter and Code and state and federal laws, rules, regulations, standards, practices and requirements of applicable records management procedures. Knowledge of office terminology, procedures, equipment, methods, and techniques of recordkeeping and report preparation. Skill in organizing and coordinating projects and functions. Skill in locating and retrieving records. Must be customer/public-service oriented. Ability to protect confidential information. Ability to present ideas effectively both orally and in writing. Ability to establish recordkeeping systems. Ability to lift heavy storage boxes or records (up to 50 lbs.) to/from shelving. Ability to interpret legal documents and communicate effectively. Ability to enter and retrieve data from computer programs and systems. Ability to make decisions in accordance with laws, ordinances and regulations, and establish procedures where errors could easily result in additional costs to the City. Ability to type accurately using word processing equipment.

Acceptable Experience and Training (Records Management)

Experience in the principles and practices of records management; knowledge of legal documents and terminology. Knowledge of records, database, and word processing systems. Ability to follow complex oral and written instructions and ability to communicate effectively. Completion of standard high school or equivalent is desired; or any equivalent combination of experience and training which provides the required knowledge, skills, and abilities.

3. Serves as City-wide Freedom of Information Officer (FOIA)

General Statement of Duties (FOIA)

Working within the City Clerk's Office (Office of Council Affairs and Constituent Services), this position is responsible for facilitating access to information held by the City of Dover by receiving and assessing requests, assigning requests to the appropriate department, monitoring progress of the coordinated information disclosure process, and subsequently disclosing information requested of the organization under the Freedom of Information Act (FOIA). The person in this position ensures that FOIA requests are handled in accordance with relevant legislation, with appropriate consideration of risks to the organization, including compliance with terms of agreements entered into with vendors and other suppliers of goods and services.

Distinguishing Features of the Position (FOIA)

This is a highly responsible position which involves organizing, prioritizing, coordinating, and responding to FOIA requests. As a principal decision maker, this individual ensures that an appropriate level of disclosure of information under FOIA takes place in a timely manner and in accordance with the law, balancing legal requirements for disclosure against the interests of the organization and the community it serves. The person in this position determines the appropriate City departments which hold the requested records and refers requests accordingly, or performs internal research to locate paper and electronic records relating to requests. The individual reviews all responses to ensure appropriate content. The employee receives general (but not continuous) direction from the supervisor and, therefore, must be able to prioritize and manage requests without supervision. The work is demand driven via requests from the public which must be delivered within timelines outlined within FOIA. The employee strives to prevent the waste of valuable municipal resources by identifying inappropriate or onerous requests and develops strategies to address such requests.

Examples or Work (Illustrative Only) (FOIA)

Receives all FOIA requests addressed to the City, assesses the nature of the request, refers requests to the appropriate department, tracks progress to ensure a timely response is delivered,

and ensures compliance with all requirements of information requests under FOIA.

Protects against the inappropriate disclosure of information, while retaining compliance with legislation and giving full consideration to the public interest.

Confers with and advises City staff concerning the potential release of sensitive and complex information.

Identifies the risks that the disclosure of requested information might pose to the organization or members of the public and, when necessary, consults with the City Clerk (Director of Council Affairs and Constituent Services) and/or City Solicitor to develop an appropriate response within the framework of FOIA.

Develops procedures, systems, and strategies to allow for the coordination of information flow between departments and timely response to requests in accordance with the requirements of FOIA.

Required Knowledge, Skills, and Abilities (FOIA)

A thorough understanding of freedom of information and privacy issues.

A thorough understanding of the principles, concepts, and best practices of records management and the State of Delaware Local Government Records Retention Schedule.

An understanding of relevant legislation, regulations, and procedures which govern the City of Dover.

An understanding of the work of the public entity and the public sector at large.

An understanding of information technology issues relating to records and information management.

A good understanding of records and information management, especially in the areas of access to information; information classification, retention, and disposal; and the management of records in a mixed media environment.

Experience in developing policy and procedures for implementation across different parts of an organization, preferably three years relevant experience including FOIA and/or records management.

Experience training internal staff.

Time management and prioritization skills which enable adherence to strict reporting deadlines.

Ability to apply complex professional standards and ethical practices relating to FOIA and records management pertaining to the fair and balanced provision of access to information as well as maintenance of the integrity and physical safety of public records.

Ability to develop, implement, and monitor record keeping procedures and systems effectively within the City.

Excellent oral and written communication skills and the ability to communicate effectively in

person and in writing with the general public, staff, and legal counsel.

Qualities of integrity and diplomacy, with the ability to discuss sensitive matters with confidence and tact.

Ability to work under pressure and prioritize the workload effectively in order to meet compliance deadlines.

Ability to make decisions and resolve potential conflicts between information holders and requestors.

Demonstrated ability to continuously maintain and develop knowledge and expertise in relevant legislative and procedural areas.

Ability to initially familiarize other staff members with FOIA and the requirements for responding or withholding information.

Ability to develop and implement procedures, including forms and tracking systems, that enable the City to respond efficiently and lawfully to requests for access to information in accordance with the Freedom of Information Act.

Ability to facilitate public access to information by advising requestors of their rights; assisting them to formalize their requests; and receiving, processing, researching, coordinating, and responding to their requests.

Ability to promote awareness and understanding of FOIA and best practices in records management to all City staff.

4. Serves as Municipal Election Inspector

Distinguishing Features of the Position (Election)

This is a highly responsible position which involves organizing, prioritizing and coordinating activities leading up to and through the conclusion of the City's municipal election in accordance with State law and City Charter and Code requirements. Considerable judgment is required to make independent routine decisions consistent with State law, municipal code, and departmental policies and procedures; position receives minimal supervision. The employee will serve as Election Inspector on Election Day and will be responsible for monitoring all election activities at the polling place to ensure adherence to State and municipal mandates.

Examples of Work (Illustrative Only) (Election)

Provides proper notice of vacancies, filing requirements, deadlines, registration, election information, and absentee ballot availability.

Receives and verifies candidate petitions, prepares ballots for voting machines and absentee voting, receives and processes absentee ballots by mail or in person.

Obtains polling places and election workers and prepares for and conducts municipal elections for Mayor and City Council.

Works with confidential records to compile and produce registered voter lists.

Provides accurate information in response to election-related inquiries from the public and candidates for election. Meets with individual candidates to explain the election process and procedures.

Required Knowledge, Skills, and Abilities (Election)

A thorough understanding of State and local election laws; familiarity with Microsoft Access.

DATA RESPONSIBILITY: Data refers to information, knowledge, and conceptions obtained by

observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.

Computes or performs arithmetic operations.

PEOPLE RESPONSIBILITY: People refers to individuals who have contact with or are influenced by the position.

Speaks with or signals to people to convey or exchange information.

INVOLVEMENT WITH THINGS: Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.

Handles machines, tools, equipment, or work aids involving moderate latitude for judgment regarding attainment of standard or in selecting appropriate items, such as computers, software programs such as word processing, spreadsheets, or custom applications, scanners, or telephone systems.

ASSETS RESPONSIBILITY: Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.

Requires responsibility and opportunity for achieving moderate economies and/or preventing moderate losses through the handling of supplies and equipment of high value or moderate amounts of money.

SAFETY OF OTHERS: Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.

Requires some responsibility for safety and health of others and/or for occasional enforcement of the standards of public safety or health.

MATHEMATICAL REQUIREMENTS: Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.

Uses addition, subtraction, multiplication, and division; may compute ratios, rates, and percents.

COMMUNICATIONS REQUIREMENTS: Communications involves the ability to read, write, and speak. Reads journals and manuals; composes specialized reports and business letters using proper format and grammar; speaks to groups of coworkers and people outside the organization.

Requires high-level reading, writing, and verbal skills. Communicates on a regular basis with City Council, staff members, and constituents using a high degree of diplomacy and tact. Must be able to read, interpret, and explain complex information related to State and municipal Code, contracts, and policy. Prepares a variety of documents including minutes, reports, correspondence, and policy statements. Requires strong writing skills and a thorough command of the English language, including grammar, spelling, and punctuation. Public speaking may be required.

COMPLEXITY OF WORK: Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.

Performs supervisory work involving policy and guidelines, solving both people and work related problems; requires continuous, close attention for accurate results and frequent exposure to unusual pressures.

Performs skilled work involving rules/systems with almost constant problem solving; requires normal attention with short periods of concentration for accurate results and occasional exposure to unusual pressure.

IMPACT OF DECISIONS: Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.

Makes decisions with serious impact - affects work unit, other units, citizens, and the City government.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: Education requirements refers to job specific training and education required for entry into the position.

Requires high school diploma or equivalent, and the equivalent of one year of college or specialized vocational training in computer operation and business administration.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.

Requires none. Willingness to obtain CMC (Certified Municipal Clerk) designation is desirable.

EXPERIENCE REQUIREMENTS: Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.

Requires two years of secretarial experience. Thorough knowledge of the City of Dover Charter and Code, Federal and State Freedom of Information Laws; Federal Privacy Act; and Delaware Code, with a heavy emphasis on the Freedom of Information Act and municipal election law is preferred.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.

Light work that involves walking or standing for brief periods and involves exerting up to 50 pounds of force on a regular and recurring basis or skill, adeptness and speed in the use of fingers, hands or limbs on repetitive operation of electronic office equipment within moderate tolerances or limits of accuracy.

UNAVOIDABLE HAZARDS: Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury. The position is exposed to no unusual environmental hazards.

SENSORY (ADA) REQUIREMENTS: Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.

The position requires normal visual acuity and field of vision, hearing, and speaking.

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: ASSISTANT TREASURER

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position is to manage the day-to-day financial operations of the Finance Department, under the general guidance of the Director. Incumbents anticipate and plan for future work programs, determine nature and scope of projects, and make staff assignments.

Responsible for providing assistance in developing and overseeing the administration of policies and procedures and work products. Formulates and communicate goals and policies to subordinates, superiors, and others throughout the City organization. The position has a primary responsibility of cash management, investments, oversight of disbursements and payroll, pension fund and debt management. The position is responsible for integration of financial systems, staying current on applicable tax laws and regulations, and internal control risk assessments. The position has a responsibility for ensuring a high degree of accuracy and quality in all financial documents and in developing systems to efficiently and accurately make decisions.

The position is recognized as seasoned and fully proficient accountant and/or financial analyst and financial administrator. Position requires a self-directed and motivated employee. It is distinguished from other Financial Management staff by the overall responsibility for the direction of the financial planning or operations of the Finance Department. The position acts on behalf of the Controller/Treasurer in his/her absence.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Assists the Controller/Treasurer in carrying out the functional and operational responsibilities of the department in accordance with sound accounting and financial management principles. Evaluates effectiveness of department policies and procedures and recommends and implements needed changes. Communicates department philosophy, goals, and objectives to subordinate staff.

Organizes, coordinates, and manages the day-to-day activities of subordinate divisions/teams in the Finance Department. Prepares and administers budgets, prepares work programs and objectives for the division, trains and supervises employees, oversees selection of employees, conducts performance appraisals, and otherwise administers personnel policies and procedures. May delegate some or all of these duties to subordinate staff.

Responsible for providing assistance with investment management, cash flow projections, and debt management and reporting. Coordinates the timing of interfund transfers and investment redemptions and purchases.

Serves as liaison for the Finance Department in the provision of financial information and resolution of problems with user departments.

Assistant Finance Director

Ensures the accuracy of financial documents in accordance with City, State, Federal laws, and generally accepted accounting principles.

Evaluates the effectiveness and usability of current financial systems; coordinates responses regarding financial information to user departments. Works with the Information Technology staff to design educational sessions to train clients for the use and proper interpretation of financial system products and/or services.

Assist with the development of the City's Operating Budget. Assists the collection, compilation, editing and publishing of official City bond documents. Ensures quality of each document for accuracy and readability.

Manages the research, analysis, and data gathering for financial policy issues identified by the Controller/Treasurer, City Manager, City Council, or other department directors.

Supervises the accounts payable and payroll personnel and function.

Point of contact in coordinating all data gathering and reporting for consultants and actuaries for all debt, pension, and investment activities. Maintains RFP's for services and performs analytical reviews for same. Possesses knowledge of GASB and regulatory requirements.

Promotes the City's Mission to make Dover a city of the highest quality by providing responsive, cost-effective, and innovative government services; understands and subscribes to the Vision and Mission Statement adopted by the City.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Synthesizes or integrates analysis of data or information to discover facts or develop knowledge or interpretations; modifies policies, procedures, or methodologies based on findings.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Supervises or directs others by determining or interpreting work procedures, assigning specific duties, maintaining harmonious relations, and promoting efficiency.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Develops and establishes capital improvements plans, having control and authority over the purchase of major equipment and/or new technology.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Assistant Finance Director

Requires responsibility and opportunity for achieving major economies and/or preventing major losses through authorizing of expenditures of large amounts of money or supervising the purchasing of high value materials, supplies or equipment.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires some responsibility for safety and health of others and/or for occasional enforcement of the standards of public safety or health.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses advanced algebra working with exponents and logarithms or linear quadratic equations; analytic geometry; and/or statistics, applying mathematical operations to frequency distribution, reliability and validity, analysis of variance, or correlation techniques.

COMMUNICATION REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads professional publications; composes complex reports and manuals; speaks formally to groups outside the organization.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs supervisory work involving policy and guidelines, solving both people and work related problems; requires continuous, close attention for accurate results and frequent exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with extremely serious impact – affects entire organization and impacts other activities/organizations and the general public; loss of life and/or damage is highly likely.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Graduation from an accredited four-year college or university with a degree in Accounting or Finance.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Certified Public Finance Officer, Certified Cash Manager, Certified Public Accountant or related professional certification.

Assistant Finance Director

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Five or more years of professional related experience in the public sector in areas of accounting, budgeting, purchasing, information systems, payroll systems, cash management or financial management. Several years experience in the administration of business/government financial systems and supervisory responsibility for professional, paraprofessional and support staff. Ability to demonstrate a proven track record of progression in related field.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires sedentary work involving standing or walking for brief periods, exerting up to 10 pounds of force on a regular basis, and moderate dexterity in operating office equipment.

UNAVOIDABLE HAZARDS: Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.

The position is exposed to no unusual environmental hazards.

SENSORY (ADA) REQUIREMENTS: Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.

The position requires normal visual acuity and field of vision, hearing, and speaking.

AMERICANS WITH DISABILITY ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

Revised 1/28/14 KDH

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: DEPUTY DIRECTOR OF COUNCIL AFFAIRS AND CONSTITUENT SERVICES

FLSA: Non-Exempt (Grade 123)

GENERAL DESCRIPTION

This is a professional position with a high degree of responsibility for managing all aspects of constituent services and Council affairs, including policy research and implementation, coordination of Council and committee meetings, and service as the point of contact for constituents and interest groups on municipal matters. The incumbent is called upon to maintain impartiality while balancing and protecting the interests of the City, the citizenry, and members of Council. While attending to the ever-shifting priorities faced by a municipality on a daily basis, the incumbent is responsible for a multitude of cyclical duties including Council and Committee meeting preparations, municipal and special elections, and records management. Decision-making and working independently are fundamental to this position.

The position of Deputy Director of Council Affairs and Constituent Services requires a vast amount of specialized and detailed knowledge regarding the City's Municipal Code; parliamentary procedures; election procedures, records retention; database management; technology related to recording software and a variety of computer programs; implementation of the Freedom of Information Act; and a number of municipal procedures for actions such as rezonings, annexations, referendums, and the adoption of ordinances.

PRIMARY DUTIES:

Assists in the management and coordination of all Council affairs and events, including scheduling, monitoring and tracking all proceedings before Council and actions taken by Council.

Serves as a liaison between staff and Council, providing advice and assistance to all groups in accomplishing City business.

Serves as point of contact for constituents, assisting them in presenting their concerns to staff and Council and providing advice on municipal matters.

Oversees assigned personnel, including training, assigning and evaluating work, prepares time sheets. Counseling and disciplining in the absence of the Director of Council Affairs and Constituent Services.

Prepares and types correspondence, resolutions, proclamations, ordinances, meeting agendas, memoranda, documents, reports, or other materials observing strict confidentiality.

Attends staff, Council/Committee, and other professional meetings to exchange information and/or to take minutes; transcribes and distributes minutes to appropriate personnel.

Assists with preparation and conducting of City elections.

Conducts property annexations; prepares for property rezoning.

Performs research for Council, staff, and citizens.

Performs administrative tasks such as tracking budget for Clerk and Council, providing monthly budget report for Council and assisting with maintaining files/records, and coordinating records retention/destruction.

DATA RESPONSIBILITY: Data are information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.

Coordinate or determine time, place or sequence of operations or activities based on analysis of data or information and may implement and report on operations and activities.

Responsible for receiving a voluminous amount of information which is directed to Council through the Clerk's Office. They sift through data, analyze the implications of the material, and make sure that Council is kept informed of all significant issues. The Clerk and Assistant Clerk must ensure that Council receives prompt and accurate information, as lapses in this area can have serious public relations and legal implications.

The Clerk's Office is responsible for maintaining the City's history and making it available to Council and committee members, which is vital to members as they address longstanding issues that come before them for consideration. The Director and Deputy Director research current issues and provide historical context to members as they address concerns related to policy and procedure. In addition to conducting research and accumulating information, the Director and Deputy Director must synthesize this data to develop solutions for problems presented by the public, staff, and Council. This often requires a high degree of innovation to find creative strategies for achieving goals.

The Director serves as the City's archivist, with responsibility for implementing and monitoring procedures for managing all City records. The Director and Deputy Director must ensure that all data is handled in conformance with State procedures that dictate records retention. They serve as consultants to all departments and provide guidance on information storage, disposition, and retention to ensure that the City's constituency has access to public records.

The Clerk's Office provides instruction and expertise to staff in regard to indexing and storing information in Fortis, the City's electronic database and serve as the City's liaison with the provider of this software. The Director and Deputy Director ensure that data is stored in such a way to provide Council, staff members, and the public timely access to reliable information.

PEOPLE RESPONSIBILITY: People are defined in the normal sense of the word and means co-workers, customers, crime victims, patients, the general public, and any other persons the employee may encounter in the course of work.

Counsel or instruct/train others through explanation, demonstration and supervised practice or making recommendations based on technical expertise.

The Director and Deputy Director work with a wide-ranging assortment of individuals on a daily basis. They are called upon to use the utmost in tact and discretion as they respond to the needs of those who solicit their advice. Following are examples of some of the individuals and groups that the Clerk's Office deals with regularly:

§ The Director of Council Affairs and Constituent Services reports directly to the nine (9) members of City Council. Council members are elected for staggered terms of office, but the Clerk's Office remains constant in its support role. The Director and Deputy Director establish and maintain procedures that provide continuity for Council members and City staff. Because newly-elected members are often unfamiliar with City policy and parliamentary procedure, the Clerk's Office provides orientation, education, and guidance to new members as they become familiar with City procedures.

§ Because Council members do not maintain offices at City Hall, the Director and Deputy Director act as the "face" of Council by serving as Council's point of contact between fellow Council members, committee members, City staff, and the public. They provide advice to all of these parties on how best to accomplish their goals, within the framework of the requirements set forth in the City's Municipal Code.

§ The Clerk's Office serves as one of the City's primary points of contact with the public. The Director and Deputy Director are called upon to respond to constituents and interest groups from a variety of backgrounds (who may often be passionate about their concerns), by providing information, solutions to problems, education on City policy, or direction to the appropriate City department. In addition, they have frequent contact with the press and must respond with a high degree of accuracy and diplomacy.

§ The Clerk's Office serves as a liaison between the City and candidates for election. The Director and Deputy Director provide education and advice to candidates regarding election procedures and ensure that candidates are kept informed on City matters.

§ The Director and Deputy Director interface with State legislators as they assist Council to seek endorsement of legislation related to City policy, such as amendments to the City's charter.

§ The Clerk's Office networks with a number of State jurisdictions and agencies on a regular basis (e.g., various municipalities throughout the State, the Delaware Public Archives, the Department of Elections) and must maintain good rapport with these organizations.

ASSETS RESPONSIBILITY: Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.

Has responsibility and opportunity for achieving major economies and/or preventing major losses through the management of a moderate sized department, authorizing expenditures of large amounts of money or supervising the purchasing of high value materials, supplies and equipment, or for providing routine legal counsel.

The Director and Deputy Director serve as the City's Assistant Treasurer, responsible for confirming wire transfers in the absence or unavailability of the Controller/Treasurer.

In addition, the Director and Deputy Director play a key role in protecting the City's financial assets from legal liability. They provide guidance to staff and Council on interpretation and conformity with the City's Municipal Code. They advise Council on how to accomplish their goals within the framework of the provisions of the Code. The Director and Deputy Director ensure that matters considered by Council are addressed in the proper sequence and according to correct parliamentary procedure, so that the actions taken by Council are legally binding.

The Clerk's Office oversees a number of "routine" matters (which are rarely routine due to the large number of special circumstances and the complexity of the issues considered), such as elections, rezonings, alley abandonments, annexations, adoption of ordinances, recording of legal documents such as easements, etc. Each of these matters involves a lengthy, detailed, step-by-step process. Failure to develop, implement, and abide by these procedures can leave the City vulnerable to lawsuits and significant monetary losses.

EXPERIENCE REQUIREMENTS: Experience refers to the amount of work experience that is required for entry level into the position that would result in a reasonable expectation that the employee can perform the job. It may be experience that can be gained on the job or experience in a previous job.

Requires a minimum of three years experience.

The job duties of the Director and Deputy Director require a vast amount of specialized and detailed knowledge regarding the City's Municipal Code; parliamentary procedures; election procedures, records retention; database management; technology related to recording software and variety of computer programs; implementation of the Freedom of Information Act; and a number of municipal procedures for actions such as rezonings, annexations, referendums, and the adoption of ordinances. Because the Clerk and Assistant Clerk play such a pivotal role between Council and the staff/public, the implications of failure to understand this information are serious. It would be impossible to assimilate the depth of knowledge required in a period of less than three (3) years.

VOCATIONAL/EDUCATIONAL PREPARATION: Vocational/Educational preparation includes job specific training and education that may be acquired in a school, work, military, institutional or vocational environment. It does not include the orientation time required of a fully qualified worker to become accustomed to the special conditions of any new job. Nor does it include the amount of time that a worker spends to learn reasoning, language, and mathematical skills, which are often learned in school.

Requires Associate's degree, vocational technical degree or specialized training that is equivalent to satisfactory completion of two years of college education

MATHEMATICAL REQUIREMENTS: Mathematics requires the use of symbols, numbers and formulas to solve mathematical problems.

Using basic algebra involving variables and formulas and/or basic geometry involving plane and solid figures, circumferences, areas, and volumes and/or computing discounts and interest rates.

The Deputy Director must use be confident with financial math skills as they formulate, monitor, and evaluate the Department's budget. In addition, they must apply their knowledge of fractions, percentages, proportions, and measurements as they evaluate election results and prepare municipal election reports and annexation referendums.

COMMUNICATIONS REQUIREMENTS: Communication involves the ability to read, write, and speak.

Reading and interpreting professional materials involving advanced bodies of knowledge related to politics, economics, technology, law, medicine, and other complex disciplines; writing extremely complex papers and reports; speaking to high level scientific, political, economic, legal, medical, or other such groups

Requires high-level reading, writing, and verbal skills. Communicates on a regular basis with City Council, staff members, and constituents using a high degree of diplomacy and tact. Must be able to read, interpret, and explain complex information related to State and municipal Code, contracts, and policy. Prepares a variety of documents including minutes, reports, correspondence, and policy statements. Requires strong writing skills and a thorough command of the English language, including grammar, spelling, and punctuation. Public speaking may be required.

JUDGMENT: Judgment refers to the frequency and complexity of judgments and decisions given the stability of the work environmental, the nature and type of guidance, and the breadth of impact of the judgments and decisions.

Decision-making is a significant part of job, affecting a large segment of the organization and the general public; works in a dynamic environment, responsible to assist in developing policy and practices.

The Clerk's Office is an extremely fast-paced environment. There are a large number of cyclical tasks that are fundamental to the office, such as preparing Council and committee meeting packets; conducting annual Municipal, Pension Board, and Fire Company elections; and preparing the Department's annual budget. The Deputy Director must constantly balance tasks that have recurring deadlines with the persistent influx of new tasks. They must balance the needs of members of Council, the public, and City staff, requiring the continuous use of judgment to balance shifting priorities.

Because Council is not present at City Hall on a daily basis, the Clerk and Assistant Clerk must take responsibility for making good decisions independently and must remain cognizant of the legal implications of all decisions made and protect the interests of the City and its constituents.

Must often exercise good judgment in educating staff and Council members on proper procedure or the most favorable approach to accomplishing goals. They must be willing to accept controversy, determine the proper course of action, and advocate strongly for the approach that is the most advantageous for all involved. This requires the utmost in good judgment and diplomacy.

COMPLEXITY OF THE WORK: Reasoning requires consideration of factors and variables to derive solutions to problems.

Performs work involving the application of logical principles and thinking to solve practical problems within or applying to a unit or division of the organization; requires continuous, close attention for accurate results and frequent exposure to unusual pressures.

Reviewing the factors listed under “Data Responsibility,” “People Responsibility,” “Assets Responsibility,” and “Judgment” will provide an accurate picture of the complexity of the duties performed by the Deputy Director. The individuals in these positions are subject to constant stress and often work in “uncharted territory” as they balance the needs of Council, staff, and the public; research and analyze data to develop creative solutions to problems; and develop and monitor policies and procedures to ensure conformance with City code.

IMPACT OF DECISIONS: Mistakes can cause consequences such as damage to equipment and property, loss of data, exposure of the organization to legal liability, and injury or death for individuals.

Impact of decisions is very serious - affects entire organization and the general public or loss of life and/or damage could occur and probability is very likely.

Reviewing the “Data Responsibility,” “People Responsibility,” “Assets Responsibility,” and “Judgment” sections above will provide an accurate picture of the impact of the decisions made by the Deputy Director. Proper decisions made by the Clerk’s Office allow for Council, committee members, staff and the public to conduct business and accomplish their goals. Improper decisions can result in public relations concerns, lawsuits, and the loss of financial assets.

PHYSICAL DEMANDS: Physical demands refers to the physical exertion and dexterity requirements involving coordination of limb and body movement.

Light work that involves walking or standing most of the time and involves exerting up to 20 pounds of force on a regular and recurring basis or skill, adeptness and speed in the use of fingers, hands or limbs on repetitive operation of mechanical or electronic office or shop machines or tools within moderate tolerances or limits of accuracy.

The Deputy Director position involves frequent computer use and the use of a variety of office machines. The office is a busy environment, requiring frequent standing and walking at a fast pace to other locations within City Hall. The Clerk's Office is responsible for records management, which requires occasional lifting of boxes weighing over 20 lbs. Preparing for Committee meetings may require setting up and breaking down tables and relocating chairs.

The Clerk's Office is responsible for setting up and breaking down three (3) polling places for the annual Municipal Election, which requires carrying numerous boxes of supplies and equipment weighing up to 25 lbs.

EQUIPMENT USAGE: Equipment usage involves responsibility for, materials, machines, tools, equipment, work aids, and products.

Coordinate the activities of those operating or repairing complex machinery or equipment that requires extended training; may involve installation and testing. Involves operations of moderate scope.

The Deputy Director uses and troubleshoots hardware and software used to record proceedings of Council and committee meetings in City Hall and other locations and provides guidance and instruction to other departments on the use of such equipment.

The Deputy Director uses overhead projection equipment regularly.

The Deputy Director regularly use a large variety of computer hardware and software in the course of performing their job duties and troubleshoot problems with this equipment independently or with the assistance of the technical support staff.

The Director and Deputy Director are responsible for implementing Fortis, the City's database management system. They interface with the software provider to brainstorm the most effective methods of setting up the system and tailoring it to meet the City's needs. They customize each department's database and provide instruction on its use, troubleshooting and solving problems that emerge.

The Clerk's Office posts a variety of information to the City's website, including meeting agendas, packets, and minutes; ordinances; community events; and election information. The Clerk's Office posts City events and meeting videos to Verizon TV.

UNAVOIDABLE HAZARDS: Unavoidable hazards refer to the job conditions that may lead to injury or health hazards even though precautions have been taken.

Works in environmentally controlled situation such as office.

SAFETY OF OTHERS: Safety of others refers to the level of responsibility for the safety of others, either inherent in the job or to assure the safety of the general public.

Requires responsibility for safety and health of others and for occasional enforcement of the laws and standards of public health and safety.

Responsible for maintaining a safe environment for office staff and visitors and vigilance in ensuring a safe environment for those attending daytime and evening Council and committee meetings.

Monitoring the use of the City's Records Retention Center and ensuring that records are retained in an organized and safe manner.

Organizing, setting up, and monitoring up to three (3) polling places simultaneously during annual municipal elections, ensuring a safe, handicapped accessible environment for members of the public.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: ASSISTANT CITY ENGINEER

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to assist the Director in overseeing engineering operations for the Public Works Department. The position is responsible for staff supervision, planning, training, engineering design and review, overseeing operations of the water production facilities and sewer lift stations, customer service, and reporting. The position works independently, reporting major activities through periodic meetings.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Supervises staff, including organizing, selecting or recommending selection, providing or coordinating staff training, motivating and evaluating personnel, counseling, disciplining, and terminating or recommending termination.

Plans, designs, and reviews improvements for water production, stormwater management, sewer collections, traffic, and transmission system, and other public utilities-related projects in compliance with applicable codes, ordinances, regulations, and laws.

Oversees operation of sewer lift stations; evaluates lift station status and determines necessary upgrades to system.

Interacts with staff and citizens to provide information and respond to questions and complaints relating to area of responsibility.

Performs administrative functions such as participating in development of the departmental work plan and budget, managing correspondence and records, and determining cost effectiveness of parts, supplies, and repairs, and impact fee calculations.

Gathers and maintains information/data to support periodic and special reports documenting activities for area of responsibility.

Attends or conducts staff and other professional meetings to exchange information; attends technical or professional seminars or conferences to improve technical or professional skills.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Directs others in major events and reports on activities and results.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Instructs or trains others through explanation, demonstration, and supervised practice, or by making recommendations on the basis of technical disciplines.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Leads or handles machines, tools, equipment, or work aids involving moderate latitude for judgment regarding attainment of standard or in selecting appropriate items, such as computers, complex drafting or GIS software, or software programs such as word processing, spreadsheets, or custom applications.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility for achieving major economies or preventing major losses through the management of a highly complex and/or technical design department.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires considerable responsibility for the mid-level management of the provision of continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses advanced algebra working with exponents and logarithms or linear quadratic equations; analytic geometry; and/or statistics, applying mathematical operations to frequency distribution, reliability and validity, analysis of variance, or correlation techniques.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads scientific and technical journals, abstracts, financial reports, and legal documents; writes complex articles and reports; makes presentations to professional groups.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs work involving the application of logical principles and thinking to solve practical problems within or applying to a unit or division of the organization; requires continuous, close attention for accurate results and frequent exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with extremely serious impact - affects entire organization and impacts other activities/organizations and the general public; loss of life and/or damage is highly likely.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires bachelor's degree in engineering.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires Professional Engineer License.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires six years of related experience.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires sedentary work involving standing or walking for brief periods, exerting up to 10 pounds of force on a regular basis, and considerable skill, adeptness and speed in the use of the fingers, hands, or limbs in tasks involving close tolerance or limits of accuracy.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to extreme heat or cold, wet/humid conditions, bright or dim lights, dust/pollen, fumes or noxious odors, disease/pathogens, traffic, and toxic or caustic chemicals.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, color perception, sense of taste, sense of smell, and depth perception.

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: BILLING CLERK

FLSA: Non-Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to process utility bills. The position is responsible for clerical tasks of responsibility. The position works under general supervision independently developing work methods and sequences.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Process utility bills and delinquency notices; prints and prepares both for mailing.

Processes and prints work orders; communicates with Metering and Customer Service departments regarding work orders as required.

Prepares and reviews list of exceptions for each route scheduled for billing.

Processes departmental journals at end of day.

Processes refunds of customer deposits and credits balances to accounts; schedules billed deposits for cycle bills.

Reviews and transmits bank draft; processes non-cash batch for electronic wire transfer; processes reverse payment on bank draft returns.

Resolves problem accounts on Off Cycle Report; assists Customer Service with billing questions.

Prepares routine reports for area of responsibility; reviews other reports and lists to ensure accuracy of data/information.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Computes or performs arithmetic operations.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Speaks with or signals to people to convey or exchange information.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Handles machines, tools, equipment, or work aids involving some latitude for judgment regarding attainment of standard or in selecting appropriate items, such as computers, printers, or telephone systems.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving considerable economies and/or preventing considerable losses through the handling of bills for large amounts of money.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires no responsibility for the safety and health of others.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses addition, subtraction, multiplication, and division; may compute ratios, rates, and percents.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads routine sentences or instructions; writes routine sentences and completes routine work forms; speaks routine sentences using standard grammar.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs semi-routine work involving set procedures and rules, but with frequent problems; requires normal attention with short periods of concentration for accurate results or occasional exposure to unusual pressure.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: CHIEF ELECTRICAL ENGINEER

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to oversee daily operations of the Electrical Engineering Department and perform long-range planning. The position is responsible for staff supervision, long range planning, preparing budgets, developing policy and procedures, system operations, and reporting. The position develops and implements programs within organizational policies; reports major activities to executive level administrators through conferences and reports.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Supervises staff, including selecting or recommending selection, training, assigning and evaluating work, counseling, disciplining, and terminating or recommending termination.

Develops long range plans and goals for the Department in collaboration with the Director; ensures compliance with City regulations, codes, and ordinances in implementation of same.

Compiles data/information and develops budgets for the area of responsibility; oversees and approves expenditures; allocates funds for major projects; prepares financial forms and reports.

Monitors operations of the City's electrical system, ensuring quality service to customers and compliance with applicable codes, ordinances, and laws.

Serves as liaison between employees, supervisors, and the Union to discuss and resolve issues, problems, and complaints.

Develops and implements policies and procedures for the Department in collaboration with the Director; interprets same for staff as required.

Maintains record system; processes daily paperwork including reports, memos, requisitions, and personnel information.

Gathers and maintains information/data to support periodic and special reports documenting projects/activities for the Department; makes presentations of same as required.

Attends or conducts staff and other professional meetings to exchange information; attends technical or professional seminars or conferences to improve technical or professional skills.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Synthesizes or integrates analysis of data or information to discover facts or develop knowledge or interpretations; modifies policies, procedures, or methodologies based on findings.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Instructs or trains others through explanation, demonstration, and supervised practice, or by making recommendations on the basis of technical disciplines.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Supervises the handling of machines, tools, equipment, or work aids involving extensive latitude for judgment regarding attainment of standard or in selecting appropriate items, such as electrical or construction equipment.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving wide-spread economies and/or preventing losses through the management of a department that has an organization-wide impact or significant impact on the general population.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires management level responsibility for application and interpretation of the policies regarding the provision of continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses advanced calculus working with limits, continuity, real number systems, or mean value theorems; modern algebra, including advanced operational methods; or statistical inference and econometrics.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads scientific and technical journals, abstracts, financial reports, and legal documents; writes complex reports; makes presentations to professional groups.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs work involving the application of logical principles and thinking to solve practical problems within or applying to a unit or division of the organization; requires continuous, close attention for accurate results and frequent exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with extremely serious impact - affects entire organization and impacts other activities/organizations and the general public; loss of life and/or damage is highly likely.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires bachelor's degree in business administration, electrical engineering, civil engineering, or a closely related field.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires valid Delaware Driver's License and Professional Engineer License.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires over eight years of related experience.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires light work involving standing or walking some of the time, exerting up to 20 pounds of force on a regular basis, and moderate dexterity in operating machinery, tools, or office equipment.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to extreme heat or cold, wet/humid conditions, bright or dim lights, dust/pollen, electrical shock, and traffic.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, and color perception.

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: CITY ASSESSOR

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to and direct the assessment of property for ad valorem purposes and the Realty Transfer Tax System in the City. The position is responsible for staff supervision, planning, training, mass appraisal of real property, billing and collections, and preparing reports. The position formulates long range goals for the organization; develops policy and position papers and negotiates with chief administrative officer and/or elected officials. The position shall be directly responsible to the mayor and council. The City Assessor shall function under the administration of the City Manager.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Analysis and interpretation of statutes, codes, rules and regulations related to the assessment practice in the State of Delaware and City of Dover.

Understanding of appraisal principles and property tax laws and regulations.

Publishes, signs and makes available to the public the Assessment roll of the City of Dover.

Designs, prepare, interpret; and use ratio studies; develop and manage the administrative appeals system, including preparing technical appraisal reviews and defending ad valorem values before the City Tax Appeals Board.

Analysis of assessment/appraisal performance through the use of descriptive statistics.

Oversight of the revaluation process and any vendor work product.

Supervises staff, including selecting or recommending selection, training, assigning and evaluating work, counseling, disciplining, and terminating or recommending termination.

Assesses all real property in the City of Dover;

Participates in development and implementation of goals, objectives, policies, procedures, and priorities relating to tax assessment and collection for the City.

Sets up and maintains record/filing system; processes daily paperwork including property cards, reports, memos, requisitions, and personnel information.

Interacts with taxpayers to provide information for area of responsibility or to discuss and resolve complaints or problems; provides in-house assessment updates. Ensures good public relations.

Gathers and maintains information/data to support periodic and special reports and papers for the area of responsibility.

Attends or conducts staff, Council, and other professional meetings to exchange information; attends professional seminars or conferences to improve professional skills. Maintains effective and interpersonal relationships.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Coordinates or determines time, place, or sequence of operations or activities based on analysis of data and possibly executes determinations or reports on events.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Supervises or directs others by determining or interpreting work procedures, assigning specific duties, maintaining harmonious relations, and promoting efficiency.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Leads or handles machines, tools, equipment, or work aids involving moderate latitude for judgment regarding attainment of standard or in selecting appropriate items, such as computers and software used for programming custom applications or the application of custom or commercial financial , accounting, or other complex software or systems.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility for achieving major economies or preventing major losses through the assessment and management of the City's taxes.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires some responsibility for safety and health of others and/or for occasional enforcement of the standards of public safety or health.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses practical application of fractions, percentages, ratios and proportions, measurements, or logarithms; may use algebraic solutions of equations and equalities, deductive geometry, and/or descriptive statistics.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads journals and manuals; composes specialized reports and business letters using proper format and grammar; speaks to groups of coworkers and people outside the organization.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs work involving the application of broad principles of professional management and leadership to solve new problems for which conventional solutions do not exist; requires sustained, intense concentration for accurate results and continuous exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*
Makes decisions with severe impact - affects entire organization, other activities/organizations, the general public, and a wide geographic area; loss of data and revenue is highly likely.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires bachelor's degree in computer science, mathematics or statistics or some college and equivalent years of experience.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires an IAAO accreditation or ability to acquire accreditation with 1 year (or an equivalent documented accreditation or certification)

Certification shall include either an Assessment Administration Specialist (AAS) or Certified Assessment Evaluator (CAE) from the International Association of Assessing Officers, or the ability to acquire within one (1) year.

Valid driver's license.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires four years of recent professional experience with computer assisted appraisal of real property in a mass appraisal environment. Assessment or appraisal work experience to include residential, commercial and industrial property, two of those years at the administrative/supervisory level.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires light work involving standing or walking some of the time, exerting up to 20 pounds of force on a regular basis, and moderate dexterity in operating machinery or office equipment.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to extreme heat or cold, wet/humid conditions, bright or dim lights, dust/pollen, and traffic.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, and speaking.

Updated by KDH and action of Council 8/2008

**CITY OF DOVER
POSITION DESCRIPTION**

**TITLE: CITY CLERK/DIRECTOR OF COUNCIL AFFAIRS AND CONSTITUENT
SERVICES/ASSISTANT TREASURER**

FLSA: Exempt (Grade 132)

GENERAL DESCRIPTION

This is a professional position with a high degree of responsibility for managing all aspects of constituent services and Council affairs, including policy research and implementation, coordination of Council and committee meetings, and service as the point of contact for constituents and interest groups on municipal matters. The incumbent is called upon to maintain impartiality while balancing and protecting the interests of the City, the citizenry, and members of Council. While attending to the ever-shifting priorities faced by a municipality on a daily basis, the incumbent is responsible for a multitude of cyclical duties including Council and committee meeting preparations, municipal and special elections, and records management. Decision-making and working independently are fundamental to this position.

The position of City Clerk/Director of Council Affairs and Constituent Services requires a vast amount of specialized and detailed knowledge regarding the City's Municipal Code; parliamentary procedures; election procedures; records retention; database management; technology related to recording software and a variety of computer programs; implementation of the Freedom of Information Act; and a number of municipal procedures for actions such as rezonings, annexations, referendums, abandonments, and the adoption of ordinances.

PRIMARY DUTIES:

Manages and coordinates all Council affairs and events, including scheduling, monitoring, and tracking all proceedings before Council and actions taken by Council.

Serves as a liaison between staff and Council, providing advice and assistance to all groups in accomplishing City business.

Serves as point of contact for constituents and other agencies, assisting them in presenting their concerns to staff and Council and providing advice on municipal matters.

Supervises assigned personnel, including selecting or recommending selection, training, assigning and evaluating work, counseling, disciplining, and terminating or recommending termination.

Prepares and types correspondence, ordinances, resolutions, proclamations, certificates, meeting agendas and minutes, memoranda, documents, reports, or other materials observing strict confidentiality; proofreads and edits documents for legal form and procedures.

Performs administrative tasks such as conducting research, referring items to Council, tracking pending items, providing for proper legal notification and required advertising, providing Mayor and Council firsthand knowledge of Charter/Code, and preparing and maintaining budgets for the Clerk's Office and Council. Maintains schedules for members of Council.

Acts as Assistant Treasurer; signs accounts payable checks, deposits funds in designated banks, and confirms wire transfers, deposits, and payroll change orders.

Administers and presides at municipal elections and referendums.

Provides Council knowledge regarding parliamentary procedures; follows through on all Council actions; follows up with staff on directives of Council.

Serves as Public Information Officer on Council-related matters for staff, media, citizens, and other agencies and serves as liaison between Council and citizens during Delaware emergency operations.

Sets up and maintains record/filing system; processes daily paperwork such as contracts, agreements, leases, deeds, reports, memos, requisitions, or personnel information; supervises proper storage and disposition of City records.

Attends or conducts staff, Council, committee, City Management Team, and other professional meetings to exchange information and/or to prepare and maintain official records of the proceedings and actions.

DATA RESPONSIBILITY: Data are information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.

The City Clerk/Director of Council Affairs and Constituent Services develops new approaches or methodologies to solve problems not previously encountered by analyzing, synthesizing, or evaluating data or information using unconventional or untried methods.

The City Clerk/Director of Council Affairs and Constituent Services is responsible for receiving a voluminous amount of information which is directed to Council through the Clerk's Office. The Clerk's Office sifts through data, analyzes the implications of the material, and makes sure that Council is kept informed of all significant issues. The Director must ensure that Council receives prompt and accurate information, as lapses in this area can have serious public relations and legal implications.

The Clerk's Office is responsible for maintaining the City's history and making it available to Council and committee members, which is vital to members as they address longstanding issues that come before them for consideration. The City Clerk/Director of Council Affairs and Constituent Services researches current issues and provides historical context to members as they address concerns related to policy and procedure. In addition to conducting research and

accumulating information, the Director must synthesize this data to develop solutions for problems presented by the public, staff, and Council. This often requires a high degree of innovation to find creative strategies for achieving goals.

The City Clerk/Director of Council Affairs and Constituent Services serves as the City's archivist, with responsibility for implementing and monitoring procedures for managing all City records. The Director must ensure that all data is handled in conformance with State procedures that dictate records retention. They serve as consultants to all departments and provide guidance on information storage, disposition, and retention to ensure that the City's constituency has access to public records.

The Clerk's Office staff provides instruction and expertise to City staff in regard to indexing and storing information in Fortis, the City's electronic database, and serve as the City's liaison with the provider of this software. The City Clerk/Director of Council Affairs and Constituent Services ensures that data is stored in such a way to provide Council, staff members, and the public timely access to reliable information.

PEOPLE RESPONSIBILITY: People are defined in the normal sense of the word and means co-workers, customers, crime victims, patients, the general public, and any other persons the employee may encounter in the course of work.

The City Clerk/Director of Council Affairs and Constituent Services mentors others by advising, counseling, or guiding them regarding problems that may be resolved by legal, scientific, clinical, spiritual, or professional principles.

The City Clerk/Director of Council Affairs and Constituent Services works with a wide-ranging assortment of individuals on a daily basis. They are called upon to use the utmost in tact and discretion as they respond to the needs of those who solicit their advice. Following are examples of some of the individuals and groups that the Clerk's Office deals with regularly:

§ The City Clerk/Director of Council Affairs and Constituent Services reports directly to the nine (9) members of City Council. Council members are elected for staggered terms of office, but the Clerk's Office remains constant in its support role. The Director establishes and maintains procedures that provide continuity for Council members and City staff. Because newly-elected members are often unfamiliar with City policy and parliamentary procedure, the Clerk's Office provides orientation, education, and guidance to new members as they become familiar with City procedures.

§ Because Council members do not maintain offices at City Hall, the City Clerk/Director of Council Affairs and Constituent Services acts as the "face" of Council by serving as Council's point of contact between fellow Council members, committee members, City staff, and the public. They provide advice to all of these parties on how best to accomplish their goals, within the framework of the requirements set forth in the City's Municipal Code.

§ The Clerk's Office serves as one of the City's primary points of contact with the public.

The City Clerk/Director of Council Affairs and Constituent Services is called upon to respond to constituents and interest groups from a variety of backgrounds (who may often be passionate about their concerns), by providing information, solutions to problems, education on City policy, or direction to the appropriate City department. In addition, they have frequent contact with the press and must respond with a high degree of accuracy and diplomacy.

§ The Clerk's Office serves as a liaison between the City and candidates for election. The City Clerk/Director of Council Affairs and Constituent Services provides education and advice to candidates regarding election procedures and ensures that candidates are kept informed on City matters.

§ The City Clerk/Director of Council Affairs and Constituent Services interfaces with State legislators as they assist Council in seeking endorsement of legislation related to City policy, such as amendments to the City's charter.

§ The Clerk's Office networks with a number of State jurisdictions and agencies on a regular basis (e.g., various municipalities throughout the State, the Delaware Public Archives, the Department of Elections) and must maintain good rapport with these organizations.

ASSETS RESPONSIBILITY: Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.

The City Clerk/Director of Council Affairs and Constituent Services has responsibility and opportunity to achieve wide-spread economies and/or prevent losses through the management of a department that has an organization-wide impact or significant impact on the general population.

The City Clerk/Director of Council Affairs and Constituent Services serves as the City's Assistant Treasurer and is responsible for confirming wire transfers in the absence or unavailability of the Controller/Treasurer.

The City Clerk/Director of Council Affairs and Constituent Services plays a key role in protecting the City's financial assets from legal liability. They provide guidance to staff and Council on interpretation and conformity with the City's Municipal Code. They advise Council on how to accomplish their goals within the framework of the provisions of the Code. The Director ensures that matters considered by Council are addressed in the proper sequence and according to correct parliamentary procedure, so that the actions taken by Council are legally binding.

The Clerk's Office oversees a number of "routine" matters (which are rarely routine due to the large number of special circumstances and the complexity of the issues considered), such as elections, rezonings, abandonments, annexations, adoption of ordinances, recording of legal documents such as easements, etc. Each of these matters involves a lengthy, detailed, step-by-step process. Failure to develop, implement, and abide by these procedures can leave the City vulnerable to lawsuits and significant monetary losses.

EXPERIENCE REQUIREMENTS: Experience refers to the amount of work experience that is required for entry level into the position that would result in a reasonable expectation that the employee can perform the job. It may be experience that can be gained on the job or experience in a previous job.

Description: Requires over ten years of experience directly related to municipal operations that provides specialized and detailed knowledge in such areas as municipal code interpretation; parliamentary procedures; election procedures; records retention; database management; technology related to recording software and variety of computer programs; the Freedom of Information Act; and a number of municipal procedures for actions such as rezonings, annexations, referendums, abandonments, and the adoption of ordinances. Because the Director plays such a pivotal role between Council and the staff/public, the implications of failure to understand this information are serious.

VOCATIONAL/EDUCATIONAL PREPARATION: Vocational/educational preparation includes job specific training and education that may be acquired in a school, work, military, institutional or vocational environment. It does not include the orientation time required of a fully qualified worker to become accustomed to the special conditions of any new job, nor does it include the amount of time that a worker spends to learn reasoning, language, and mathematical skills, which are often learned in school.

Requires a Bachelor's degree or education and training equivalent to four years of college education in business, liberal arts, or any field other than engineering or the hard sciences.

MATHEMATICAL REQUIREMENTS: Mathematics requires the use of symbols, numbers and formulas to solve mathematical problems.

The City Clerk/Director of Council Affairs and Constituent Services uses mathematics involving the practical application of fractions, percentages, ratios and proportions or measurements, logarithmic, or geometric construction; may use algebraic solutions of equations and inequalities; descriptive statistics; deductive geometry, plane and solid, and rectangular coordinates; mathematical classifications or schemes.

The City Clerk/Director of Council Affairs and Constituent Services must be confident with financial math skills as they formulate, monitor, and evaluate the Department's budget. In addition, they must apply their knowledge of fractions, percentages, proportions, and measurements as they evaluate election results, prepare municipal election reports, and conduct redistricting and annexation referendums.

COMMUNICATIONS REQUIREMENTS: Communication involves the ability to read, write, and speak.

The City Clerk/Director of Council Affairs and Constituent Services reads and interprets professional materials involving advanced bodies of knowledge related to politics, economics, technology, law, medicine, and other complex disciplines; writes extremely complex papers and reports; and speaks to high-level scientific, political, economic, legal, or other such groups.

This position requires high-level reading, writing, and verbal skills. The incumbent will communicate on a regular basis with City Council, staff members, constituents, and other agencies using a high degree of diplomacy and tact. Must be able to read, interpret, and explain complex information related to State and municipal Code, contracts, and policy. Prepares a variety of documents including minutes, reports, correspondence, and policy statements. Requires strong writing skills and a thorough command of the English language, including grammar, spelling, and punctuation. Public speaking is also required.

JUDGMENT: Judgment refers to the frequency and complexity of judgments and decisions given the stability of the work environmental, the nature and type of guidance, and the breadth of impact of the judgments and decisions.

Decision-making affecting the organization, related organizations, and major segments of the general population is primary to this position. The incumbent will work in an evolving environment with emerging knowledge and technologies, competing priorities, and changing politics.

The Clerk's Office is an extremely fast-paced environment. There are a large number of cyclical tasks that are fundamental to the office, such as preparing Council and committee meeting packets; conducting annual Municipal, Pension Board, and Fire Company elections; and preparing the Department's annual budget. The City Clerk/Director of Council Affairs and Constituent Services must constantly exercise judgment to manage tasks that have recurring deadlines with the persistent influx of new tasks, balancing the needs of members of Council, the public, and City staff.

Because Council is not present at City Hall on a daily basis, the City Clerk/Director of Council Affairs and Constituent Services must take responsibility for making good decisions independently, remain cognizant of the legal implications of all decisions made, and protect the interests of the City and its constituents.

The City Clerk/Director of Council Affairs and Constituent Services must exercise good judgment in educating staff and Council members on the proper procedure or the most favorable approach to accomplishing goals. They must be willing to accept controversy, determine the proper course of action, and advocate strongly for the approach that is the most advantageous for all involved. This requires the utmost in good judgment and diplomacy.

COMPLEXITY OF THE WORK: Reasoning requires consideration of factors and variables to derive solutions to problems.

Work performed involves the application of principles of logical thinking and scientific, or legal practice to diagnose or define problems, collect data, and solve abstract problems with widespread unit or organization impact. Sustained, intense concentration for accurate results and continuous exposure to unusual pressure is required.

Reviewing the factors listed under “Data Responsibility,” “People Responsibility,” “Assets Responsibility,” and “Judgment” will provide an accurate picture of the complexity of the duties performed by the City Clerk/Director of Council Affairs and Constituent Services. The individual in this position is subject to constant stress and often works in “uncharted territory” as they balance the needs of Council, staff, and the public; research and analyze data to develop creative solutions to problems; and develop and monitor policies and procedures to ensure conformance with City code.

IMPACT OF DECISIONS: Mistakes can cause consequences such as damage to equipment and property, loss of data, exposure of the organization to legal liability, and injury or death for individuals.

Impact of decisions is extremely serious - affects entire organization and impacts other activities/organizations and the general public or loss of life and/or damage could occur and is highly likely.

Reviewing the “Data Responsibility,” “People Responsibility,” “Assets Responsibility,” and “Judgment” sections above will provide an accurate picture of the impact of the decisions made by the City Clerk/Director of Council Affairs and Constituent Services. Proper decisions made by the Clerk’s Office allow for Council, committee members, staff and the public to conduct business and accomplish their goals. Improper decisions can result in public relations concerns, lawsuits, and the loss of financial assets.

PHYSICAL DEMANDS: Physical demands refers to the physical exertion and dexterity requirements involving coordination of limb and body movement.

This incumbent performs light work that involves walking or standing most of the time and exerting up to 20 pounds of force on a regular and recurring basis and skill, adeptness, and speed in the use of fingers, hands or limbs on repetitive operation of mechanical or electronic office or shop machines or tools within moderate tolerances or limits of accuracy.

The City Clerk/Director of Council Affairs and Constituent Services position involves frequent computer use and use of a variety of office machines. The office is a busy environment, requiring frequent standing and walking at a fast pace to other locations within City Hall. The Clerk’s Office is responsible for records management, which requires occasional lifting of boxes weighing over 20 lbs. Preparing for Committee meetings may require setting up and breaking down tables and relocating chairs.

The Clerk's Office is responsible for setting up and breaking down three (3) polling places for the annual Municipal Election, which requires carrying numerous boxes of supplies and equipment weighing up to 25 lbs.

EQUIPMENT USAGE: Equipment usage involves responsibility for, materials, machines, tools, equipment, work aids, and products.

The incumbent will supervise the activities of those operating or repairing complex machinery or equipment that requires extended training and experience and this may involve development, installation and testing of equipment. The span of control and scope of operations is extensive, involving a number of facilities.

The City Clerk/Director of Council Affairs and Constituent Services uses and troubleshoots hardware and software used to record proceedings of Council and committee meetings in City Hall and other locations and provides guidance and instruction to other departments on the use of such equipment.

The City Clerk/Director of Council Affairs and Constituent Services uses overhead projection equipment regularly.

The City Clerk/Director of Council Affairs and Constituent Services regularly uses a large variety of computer hardware and software in the course of performing their job duties and troubleshoots problems with this equipment independently or with the assistance of the technical support staff.

The City Clerk/Director of Council Affairs and Constituent Services is responsible for implementing Fortis, the City's database management system. The incumbent will interface with the software provider to brainstorm the most effective methods of setting up the system and tailoring it to meet the City's needs. They customize each department's database and provide instruction on its use, troubleshooting and solving problems that arise.

The Clerk's Office posts a variety of information to the City's website, including meeting agendas, packets, and minutes; ordinances; community events; and election information.

The Clerk's Office posts City events and meeting videos to Verizon TV.

UNAVOIDABLE HAZARDS: Unavoidable hazards refer to the job conditions that may lead to injury or health hazards even though precautions have been taken.

Works in environmentally controlled situation such as office.

SAFETY OF OTHERS: Safety of others refers to the level of responsibility for the safety of others, either inherent in the job or to assure the safety of the general public.

The incumbent will be responsible for the safety and health of others and for occasional enforcement of the laws and standards of public health and safety.

The City Clerk/Director of Council Affairs and Constituent Services is responsible for maintaining a safe environment for office staff and visitors and is vigilant in ensuring a safe environment for those attending daytime and evening Council and committee meetings.

The Clerk's Office monitors use of the City's Records Retention Center and ensures that records are retained in an organized and safe manner.

The City Clerk/Director of Council Affairs and Constituent Services organizes, sets up, and monitors up to three (3) polling places simultaneously during annual municipal elections, ensuring a safe, handicapped accessible environment for members of the public.

CITY OF DOVER
POSITION DESCRIPTION

TITLE: CITY MANAGER

FLSA: Exempt

GENERAL DESCRIPTION:

The essential function of the position within the organization is to oversee and direct the operations of the City of Dover. The position is responsible for enforcing municipal ordinances, charter provisions and other laws and regulations; supervise staff, establishing long range plans for the City, developing policy and procedures, managing the daily operations of the City, preparing budgets, and evaluating, documenting, and reporting on events and activities to the City Council. Decision-making is the primary function of the job, affecting the organization, related organizations, and major segments of the general population; works in an evolving environment with emerging knowledge and technologies, competing priorities, and changing politics.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Supervises staff including establishing staffing standards, organizing, selecting or recommending selection, training, assigning and evaluating work, counseling, disciplining, and terminating or recommending termination.

Responsible for creating and maintaining a productive, harmonious and respectful work environment. Diversity and inclusion are valued. Genuine concern for employee's success, hiring, training empowerment and staff development. Strong understanding of leadership principles and practices.

Develops goals, objectives, policy and procedures for City activities and programs in consultation with elected or appointed officials, senior management, department heads, and department staff.

Performs long and short-range planning for the City in collaboration with the City Council, developing and implementing new programs and services to support and encourage the City's growth and development.

Directs city activities, including utilities, customer service, recreation services, human resources, contingency planning, safety, and other activities, processes, or programs.

Advises and consults with elected and appointed officials, commissions, department heads, staff agencies, civic or private groups, individuals, and others on issues, problems, strategies, policies, and procedures related to City services.

Represents the City on regional and local boards or committees and at meetings concerning City issues; makes presentations to elected or appointed officials, department heads and staff, and other public or private agencies or groups on significant City issues or programs.

Oversees administrative matters such as developing, reviewing and presenting City budgets, administering expenditures, developing and recommending City CIP, conducting special studies, managing correspondence and records, preparing routine and special reports, administering training, providing for staff technical or professional growth, and other administrative duties.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Formulating new concepts or theories based on original research, intellectual creativity, and ideas.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: CONTROLLER/TREASURER

FLSA: Exempt

GENERAL DESCRIPTION

The Controller/Treasurer is responsible for the City's financial plans and policies, its accounting practices, the conduct of its relationships with lending institutions and the financial community, the maintenance of its fiscal records, and the preparation of financial reports. The position involves supervision over general accounting, property accounting, cash management, debt management, internal auditing, cost accounting, and budgetary controls. A primary function of the position is to develop an organized system of accounts, policies, records, and procedures and to provide data that can be analyzed and interpreted for the benefit of Council in making decisions to achieve the goals and objectives of the City. The position formulates long range goals for the organization; develops policy and position papers.

The Controller/Treasurer must demonstrate a high degree of initiative, anticipating informational needs of the City Council and management. The position must also be responsive in a timely manner to specific requests made for data and to be resourceful and flexible in meeting changing conditions and requirements. The position is required to uphold standards of conduct and maintain integrity. The position requires the ability to be fair and impartial when presenting adverse reports on a function, executive or employee. The Controller/Treasurer is a direct report to City Council.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Development, analysis, and interpretation of statistical and accounting information in order to appraise operating results in terms of profitability, performance against budget, and other matters bearing on the fiscal soundness and operating effectiveness of the organization.

Responsible for evaluating the performance of personnel in the Finance Department. Recommends training requirements, has the duty to keep self and staff at the highest level of skill necessary to meet organization needs and objectives, and recommends that personnel be hired or removed from the Department.

Responsible for the installation, maintenance, and supervision of the City's system of accounts. Keeps books and records on all City transactions and assets.

Proposes major economic objectives and policies for the City and prepares reports that outline the City's financial position in the areas of income, expenses, and earnings based on past, present, and future operations.

Participates in the coordination and preparation of the budget and financial forecasts, institutes and maintains other planning and control procedures, and analyzes and reports variances. Responsible for review of all items requiring Council's decision that have an impact on the City finances; Insures accuracy and completeness of financial analysis for presentation to City Council.

Responsible for the management and security of all City bank accounts, investments, trust accounts, and bond accounts. Responsible for assuring availability of funds and assets during natural disasters and emergencies.

CONTROLLER/TREASURER

Approves payment of all checks and other negotiable instruments as authorized by City Council. Directs financial processes; Cash flow, investment strategies, debt strategies, disbursements, payroll, and other management and budgetary processes and activities.

Responsible for determining that current financial transactions covered by minutes of the Council or Committee are properly executed and recorded.

Responsible for risk assessment and implementation of internal controls and procurement risk assessment; Develops policies and procedures insuring accountability over public funds. Directs the continuous audit of all accounts and records of the City. Directs the annual audit and completes the Comprehensive Annual Financial Report.

Advises and consults with elected and appointed officials, department heads, staff, agencies, and others on financial problems, performance measurements, trends, strategies, policies, and procedures, and budgetary matters such as interpretation of budget plans, strategies and information, controls and procedures, solutions to budget problems, research projects, or other financial/budgetary matters.

Represents the City on boards or committees involved in financial planning, management, or other financial issues; participates in interagency or other meetings or conferences; makes financial presentations to elected or appointed officials, department heads, staff, and other public or private agencies or groups.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Formulates new concepts or theories based on original research, intellectual creativity, and ideas.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Directs others by issuing orders.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Develops and implements long range plans and programs to support the goals and objectives of the organization.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility for the overall administration of fiscal and administrative policy with authority and responsibility over all departments or the direction of the organization's legal department; reports directly to the top elected body.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires management level responsibility for application and interpretation of the policies regarding the provision of continuous enforcement of the laws and standards of public health and safety.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: ELECTRIC DEPARTMENT DIRECTOR

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to oversee and direct the City's Electric Department. The position is responsible for supervising staff, establishing long range plans, developing policy and procedures, managing departmental activities and events, preparing budgets, and evaluating, documenting, and reporting on events and activities to senior management and elected or appointed officials. The position formulates long range goals for the organization; develops policy and position papers and negotiates with chief administrative officer and/or elected officials.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Supervises staff including establishing staffing standards, organizing, selecting or recommending selection, training, assigning and evaluating work, counseling, disciplining, and terminating or recommending termination.

Develops goals, objectives, policy and procedures for departmental activities and programs in consultation with regulatory agencies, elected or appointed officials, senior management, department heads, and department staff.

Monitors and researches trends, new methodology and technology, laws, rules, and City policy to develop and enhance public service processes and activities and plan for future expansion to meet growth needs.

Directs departmental activities, including engineering projects, distribution, revenue production, inspections and evaluations, contingency planning, safety, and other activities, processes, or programs.

Advises and consults with elected and appointed officials, commissions, federal or state regulatory agencies, department heads, staff agencies, developers, civic or private groups, individuals, and others on problems, strategies, policies, and procedures related to electrical services.

Represents the City on regional and local boards or committees and at meetings concerning electricity issues; makes presentations to elected or appointed officials, department heads and staff, and other public or private agencies or groups on significant electrical issues or programs.

Oversees administrative matters such as developing and defending departmental budgets, administering expenditures, conducting special studies, managing correspondence and records, preparing routine and special reports, administering training, providing for staff technical or professional growth, and other administrative duties.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Conducts research to discover new methodologies or to find solutions for unresolved problems.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Mentors others by advising, counseling, or guiding them regarding problems that may be resolved by legal, scientific, clinical, spiritual, or other professional principles.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Develops and implements long range plans and programs to support the goals and objectives of the organization.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving wide-spread economies and/or preventing losses through the management of a department that has an organization-wide impact or significant impact on the general population.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires management level responsibility for application and interpretation of the policies regarding the provision of continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses practical application of fractions, percentages, ratios and proportions, measurements, or logarithms; may use algebraic solutions of equations and equalities, deductive geometry, and/or descriptive statistics.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads scientific and technical journals, abstracts, financial reports, and legal documents; writes complex articles and reports; makes presentations to professional groups.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs work involving the application of principles of logical thinking, scientific, or legal practice to diagnose or define problems, collect data and solve abstract problems with widespread unit or organization impact; requires sustained, intense concentration for accurate results and continuous exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with severe impact - affects entire organization, other activities/organizations, the general public, and a wide geographic area; loss of life and/or damage is highly likely.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires bachelor's degree in business management, electrical engineering, or a closely related field.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires valid Delaware Driver's License.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires over eight years of related experience.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires sedentary work involving standing or walking for brief periods, exerting up to 10 pounds of force on a regular basis, and some dexterity in operating machines, tools, or office equipment.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to no unusual environmental hazards.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, and speaking.

Updated 2/2012 for Career Ladder

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: Emergency Management Coordinator

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position is to serve as the City's liaison on emergency management/preparedness issues, coordinate training programs and emergency operations drills, assist departments with the emergency and mitigation plans, manage grants, and administer the submittal process for Federal and State reimbursement claims for the City's cost during emergency operations. The Emergency Management Coordinator works under general supervision independently developing work methods and sequences and reports to the Public Services Manager. Work is evaluated on the basis of results achieved. This position works under general supervision independently developing work methods and sequences.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Provides staff support to the Public Services Manager, the City Manager's office and other city departments to coordinate actual or potential emergency preparedness/management or response efforts;

Serves as the City's liaison on emergency preparedness/management issues within the United States Federal Emergency Management Agency, the Delaware Emergency Management Agency, Kent County Department of Emergency Management and other local municipalities;

Coordinates training programs and emergency operations drills to prepare city department staff to respond quickly and effectively to emergencies;

Develops cost estimates and makes budget projections;

Writes memos, City Council reports, damage reports, and other administrative reports;

Advises departments on their emergency plans and coordinates interdepartmental activities;

Applies for, coordinates and administers federal and state grants;

Administers the process for submitting federal and state reimbursement claims for the City's costs during and after emergency operations;

Represents the City on various internal and external task forces and committees;

Directs and supervises the Emergency Preparedness volunteer program;

Review state and federal proposed legislation and provide recommendations;

Demonstrates continuous effort to improve operations, decrease turnaround times, streamline work processes, and work cooperatively and jointly to provide quality seamless customer service;

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Coordinates or determines time, place or sequence of operations or activities based on analysis of data and possibly executes determinations or reports on events.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Persuades or influences others in favor of a service, course of action, or point of view.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Coordinates the handling of machines, tools, equipment, or work aids involving extensive latitude for judgment regarding attainment of standard or in selecting appropriate items.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving moderate economies and/or preventing moderate losses through the management of a small division, handling supplies of high value or moderate amounts of money consistent with the operation of a small division.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires considerable responsibility for the safety and health of others and/or continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses practical application of fractions, percentages, ratios and proportions, measurements, or logarithms; may use algebraic solutions of equations and equalities, deductive geometry, plane and solid, rectangular coordinates, and/or descriptive statistics.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads scientific and technical journals, abstracts, financial reports, and legal documents; writes complex articles and reports; makes presentations to professional groups. Requires the ability and skills to develop and effectively present training initiatives associated with emergency preparedness to all levels of employees within the organization.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs work involving the application of principles of logical thinking, scientific, medical, or legal practice to diagnose or define problems, collect data and solve abstract problems with widespread unit or organization impact; requires standard, intense concentration for accurate results and continuous exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with serious impact – affects most units in organization, and may affect citizens; probability of loss of life and/or damage is likely.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires education or training equivalent to a bachelor's degree in Emergency Management, Public or Business Administration, or a related field. Combinations of experience and education that meet the requirements may be substituted.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

See educational requirements. Certified Emergency Manager (CEM) through the National Coordinating Council of Emergency Management is desirable.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires four years of related experience. Preferably in state or local government.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires light work involving standing or walking some of the time, and skill, adeptness, and speed in the use of fingers, hands, or limbs on repetitive operation of mechanical or electronic office machines.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position outdoors in very hot/cold conditions or indoors in areas where hot/cold conditions are generated such as a hothouse.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, and color perception.

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

**CITY OF DOVER
POSITION DESCRIPTION**

**TITLE: ENGINEERING SERVICES & SYSTEM OPERATIONS
SUPERINTENDENT**

Leads or handles machines, tools, equipment, or work aids involving moderate latitude for judgment regarding attainment of standard or in selecting appropriate items, such as computers and complex drafting or GIS software, software used for programming custom applications, or the application of other complex software or systems.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility for achieving major economies or preventing major losses through the management of all stormwater compliance.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires considerable responsibility for the first-line supervision of the provision of continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses advanced algebra working with exponents and logarithms or linear quadratic equations; analytic geometry; and/or statistics, applying mathematical operations to frequency distribution, reliability and validity, analysis of variance, or correlation techniques.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads professional publications; composes complex reports and manuals; speaks formally to groups outside the organization.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs supervisory work involving policy and guidelines, solving both people and work related problems; requires continuous, close attention for accurate results and frequent exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with very serious impact—affects entire organization and the general public; probability of loss of life and/or damage is very likely.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires bachelor's degree in environmental science or a closely related field.

ENVIRONMENTAL SCIENTISTS

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires valid Delaware Driver's License

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires six to twelve months of related experience.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires light work involving standing or walking most some of the time, exerting up to 20 pounds of force on a regular basis, and moderate dexterity in operating machinery, tools, or office equipment.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to extreme heat or cold, wet/humid conditions, bright or dim lights, dust/pollen, intense noise levels, fumes or noxious odors, moving mechanical parts, heights, and traffic.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, color perception, depth perception, and texture perception.

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: EVIDENCE MANAGER

FLSA: Non-Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to serve as Evidence Technician managing crime scene evidence. The position will work under general supervision, independently developing work methods and sequences.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Supervises staff including establishing staffing standards, organizing, selecting or recommending selection, training, assigning and evaluating work, counseling, disciplining, and terminating or recommending termination.

Receives and logs confiscated or found property/evidence; enters information into a computer database; arranges for orderly storage of property/evidence.

Coordinates laboratory testing of seized narcotics and blood evidence with the State Medical Examiner.

Arranges for testing of narcotics currency for narcotics residue and arranges for deposit of seized narcotics currency.

Logs tested items back into evidence database; arranges for destruction or return to victims of property/evidence as designated by investigator.

Provides officers and court personnel with evidence for trial as requested.

Responsible for the destruction and disposal of weapons and ammunition.

Maintains evidence room in orderly and neat manner.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Compiles, examines, or evaluates data or information and possibly recommends action based on results.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Speaks with or signals to people to convey or exchange information. Interaction with police officers and the public on a regular basis.

EVIDENCE TECHNICIAN

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Handles machines, tools, equipment, or work aids involving some latitude for judgment regarding attainment of standard or in selecting appropriate items, such as computers, photography equipment, or video equipment.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving considerable economies and/or preventing considerable losses through the management or handling of very large amounts of money and high value materials.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires responsibility for maintaining standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses addition and subtraction such as making change and basic problem solving.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads routine sentences or instructions; writes routine sentences and completes routine work forms; speaks routine sentences using standard grammar.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs skilled work involving rules/systems with almost constant problem solving; requires normal attention with extended periods of concentration for accurate results and occasional exposure to unusual pressure. Responsible for chain of custody and may require occasional courtroom testimony.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with critical impact - affects those in department and in the Criminal Justice System.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires high school diploma or GED. One year experience as an Evidence Technician.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires valid Driver's License.

EVIDENCE TECHNICIAN

Must be able to obtain and maintain related security clearances. For example, DELJIS and NCIC.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Law enforcement or related experience preferred but not required. Excellent organizational skills required.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Light work that involves walking or standing most of the time and involves exerting up to 20 pounds of force on a regular and recurring basis or skill, adeptness and speed in the use of fingers, hands or limbs on repetitive operation of mechanical or electronic office or shop machines or tools within moderate tolerances or limits of accuracy.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to extreme heat/cold, wet or humid conditions, bright/dim lights, dust or pollen, fumes or noxious odors, disease/pathogens, traffic, and narcotics.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, color perception, and depth perception.

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

**CITY OF DOVER

12/4/18 KDH

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: FIELD SUPERVISOR I

FLSA: Exempt

GENERAL DESCRIPTION:

The essential function of the position within the organization is to supervise personnel for the assigned department. The position is responsible for staff supervision, planning, training, customer service, equipment, related paperwork, and reporting. The position is also responsible for actions of others, requiring development of procedures and constant decisions affecting subordinate workers, crime victims, patients, customers, clients, or others in the general public; work in a very fluid environment with guidelines but significant variation.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Supervises staff, including selecting or recommending selection, training, assigning and evaluating work, counseling, disciplining, and terminating or recommending termination.

Plans and organizes daily activities for area of responsibility; ensures timely completion of assignments in compliance with City policy, procedures, and safety regulations.

Interacts with customers to provide information, discuss and resolve issues, problems, and complaints relating to the area of responsibility, or provide estimates.

Sets up and maintains record system; processes daily paperwork including work orders, memos, requisitions, and/or personnel information.

Oversees and monitors maintenance and cleaning of equipment for area of responsibility; requisitions new materials and equipment as required.

Gathers and maintains information/data to support periodic and special reports documenting activities for area of responsibility.

Attends or conducts staff and other professional meetings to exchange information; attends in-service training and technical or professional classes or seminars to improve technical or professional skills.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Summarizing, tabulating, or formatting data or information in accordance with a prescribed schema or plan, to facilitate the identification and extraction of useful information.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Persuading or influencing others in favor of a service, point of view, or course of action; may enforce laws, rules, regulations, or ordinances.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Handling or using machines, tools, or equipment requiring moderate instruction and experience such as large shop equipment and machines, firefighting apparatus, protective equipment, gang mowers, tractors, vehicles, police vehicles, or light trucks, firearms, computers, peripherals, medical or dental equipment, software programs such as word processing, spreadsheets, or custom applications, switchboard or may repair power tools and light equipment and office machines.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving moderate economies and/or preventing moderate losses through the management of a small division; handling supplies of high value or moderate amounts of money consistent with the operation of a small division.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires considerable responsibility for the first-line supervision of the provision of continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Using basic algebra involving variables and formulas and/or basic geometry involving plane and solid figures, circumferences, areas, and volumes and/or computing discounts and interest rates.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reading technical instructions, procedure manuals, and charts to solve practical problems, such as assembly instruction for tools, routine office equipment operating instructions, and methods and procedures for investigations, and in drawing and layout work; composing routine reports and specialized reports, forms, and business letters, with proper format; speaking compound sentences using normal grammar and word form.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Perform coordinating work involving guidelines and rules, with constant problem solving; requires continuous, close attention for accurate results or frequent exposure to unusual pressures.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Impact of decisions is moderately serious - affects work unit and may affect other units or citizens or loss of life and/or damage could occur and probability is low.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires High School diploma, GED and formal training, special courses or self-education that is equivalent to satisfactory completion of one year of college education or specialized advanced training.

**CITY OF DOVER
POSITION DESCRIPTION**

**TITLE: FINANCIAL REPORTING & ACCOUNTING MANAGER
(125)**

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position is to manage the preparation of all financial reporting and to manage the day-to-day general accounting operations of the Finance Department, under the general guidance of the Director. Incumbents anticipate and plan for future work programs, determine nature and scope of projects, and make staff assignments.

Responsible for providing assistance in developing and overseeing the administration of policies and procedures and work products. Formulates and communicate goals and policies to subordinates, superiors, and others throughout the City organization. The position has a primary responsibility for ensuring a high degree of accuracy and quality in all financial documents and in developing systems to efficiently and accurately make decisions.

The position is recognized as seasoned and fully proficient accountant and/or financial analyst and financial administrator. Position requires a self-directed and motivated employee. It is distinguished from other Financial Management staff by the overall responsibility for the direction of the financial reporting and general accounting operations of the Finance Department.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Assists the Finance Director in carrying out the functional and operational responsibilities of the department in accordance with sound accounting and financial management principles. Evaluates effectiveness of department policies and procedures and recommends and implements needed changes. Communicates department philosophy, goals, and objectives to subordinate staff.

Organizes, coordinates, and manages the day-to-day activities of subordinate divisions/teams in the Finance Department. Administers budgets, prepares work programs and objectives for the division, trains and supervises employees, oversees selection of employees, conducts performance appraisals, and otherwise administers personnel policies and procedures. May delegate some or all of these duties to subordinate staff.

Serves as liaison for the Finance Department in the provision of financial information and resolution of problems with user departments.

Ensures the accuracy of financial documents in accordance with City, State, Federal laws, and generally accepted accounting principles.

Evaluates the effectiveness and usability of current financial systems; coordinates responses regarding financial information to user departments. Works with the Information Technology staff to design educational sessions to train clients for the use and proper interpretation of financial system products and/or services.

Serves as the primary liaison between the auditor and City staff in order to ensure accurate and consistent data gathering for the annual audit process. Personally handles the more sensitive and most critical issues related to such audits.

Assist with the development of the City's Operating Budget, Capital Investment Program Plan and Comprehensive Annual Financial Report. Oversees the collection, compilation, editing and publishing of official City financial documents. Ensures quality of each document for accuracy and readability.

Monitors the financial status of the Operating Budget and Capital Investment Program to ensure that these plans are not encountering financial difficulties. Identifies, investigates and reports on deviations from financial plans.

Manages the research, analysis, and data gathering for financial policy issues identified by the Finance Director, City Manager, City Council, or other department directors. Oversees the preparation of reports summarizing findings and recommendations.

Promotes the City's Mission to make Dover a city of the highest quality by providing responsive, cost-effective, and innovative government services; understands and subscribes to the Vision and Mission Statement adopted by the City.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Directs others in major events and reports on activities and results.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Supervises or directs others by determining or interpreting work procedures, assigning specific duties, maintaining harmonious relations, and promoting efficiency.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Develops and implements long range plans and programs to support the goals and objectives of the organization.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving considerable economies and/or preventing major losses through the management of a large division or minor department, and/or handling of very large amounts of money.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires some responsibility for safety and health of others and/or for occasional enforcement of the standards of public safety or health.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses practical application of fractions, percentages, ratios and proportions, measurements, or logarithms; may use algebraic solutions of equations and equalities, deductive geometry, and/or descriptive statistics.

COMMUNICATION REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads journals and manuals; composes specialized reports and business letters using proper format and grammar; speaks to groups of coworkers and people outside the organization.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs supervisory work involving policy and guidelines, solving both people and work related problems; requires continuous, close attention for accurate results and frequent exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with moderately serious impact – affects work unit and may affect other units or citizens.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Graduation from an accredited four-year college or university with a degree in Accounting or Finance.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

None

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Four or more years of professional related experience in the public sector in areas of accounting, budgeting, purchasing, information systems, cash management or financial management. Two years experience in the administration of business/government financial systems and supervisory responsibility for professional, paraprofessional and support staff. Ability to demonstrate a proven track record of progression in related field.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires sedentary work involving standing or walking for brief periods, exerting up to 10 pounds of force on a regular basis, and moderate dexterity in operating office equipment.

UNAVOIDABLE HAZARDS: Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.

The position is exposed to no unusual environmental hazards.

SENSORY (ADA) REQUIREMENTS: Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.

The position requires normal visual acuity and field of vision, hearing, and speaking.

AMERICANS WITH DISABILITY ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: GIS Coordinator

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position is to manage the GIS/Services section of the I/T Department and to coordinate with other departments and agencies, the provisions of related services. The GIS person works with managers, engineers, planning technicians and all other related staff who verify the accuracy of source documents and create and maintain the GIS land base database. Work is performed independently under general supervision of the I/T Director who evaluates work on the basis of results achieved.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Establishes standards across all city departments which will also integrate with other government agencies.

Coordinates client demands for GIS services.

Provides training on GIS opportunities and usage to all departments.

Works with other agencies to ensure cooperation of efforts and integration of results.

Demonstrates continuous effort to improve city wide operations through expanded development of GIS resources.

Negotiates interdepartmental and inter-jurisdictional data agreements to assure development of an accurate GIS with maximum benefits to all users.

Identify when needed and coordinate third party GIS contract work.

Design, build/buy, update, and manage GIS software applications.

Continues self-paced study of GIS application software required for implementation of future City GIS planning.

Gathers and maintains information/data to prepare reports of completed and pending jobs for summary and research purposes.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Compiles, examines, or evaluates data or information and possibly recommends action based on results.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Provides assistance to people to achieve task completion; may instruct or assign duties to coworkers.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Leads or handles machines, tools, equipment, or work aids involving moderate latitude for judgment regarding attainment of standard or in selecting appropriate items, such as computers and complex drafting or GIS software, or software used for programming custom applications.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires some responsibility for achieving economies and/or preventing losses through the handling of or accounting for equipment and supplies.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires some responsibility for the safety and health of others and/or continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses practical application of fractions, percentages, ratios and proportions, measurements, or logarithms; may use algebraic solutions of equations and equalities, deductive geometry, plane and solid, rectangular coordinates, and/or descriptive statistics.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads technical instructions, charts, and/or procedures manuals; composes routine reports and completes job forms; speaks compound sentences using standard grammar. Requires the ability and skills to develop and effectively present training initiatives associated with GIS to all levels of employees within the organization.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs coordinating work involving guidelines and rules with constant problem solving; requires continuous, close attention for accurate results or frequent exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with moderately serious impact - affects work unit and may affect other units or citizens.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires education or training equivalent to graduation from a college or university of recognized standings with major work in business administration, mathematics, civil engineering, GIS and management

information systems. Considerable experience in GIS and spatial data programs and operations. Experience in management and coordination of enterprise-wide GIS systems, databases and applications..

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

See educational requirements.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires four years of related experience with utilities and/or local government.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires light work involving standing or walking some of the time, and skill, adeptness, and speed in the use of fingers, hands, or limbs on repetitive operation of mechanical or electronic office machines.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to no unusual environmental hazards.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, and color perception.

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: GIS Manager

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of this position is to manage the City of Dover's Enterprise Geographic Information System (GIS) services for the City of Dover. This position resides in the Public Work's Department and will be responsible for coordinating the overall development of GIS products among all City Departments. The GIS Manager shall also be responsible for developing and maintaining the enterprise GIS data plans, policies, procedures and guidelines coordinating the development and advocacy of data standards, the development of new layers and will act as the City's Enterprise GIS Administrator. Works independently, reporting major activities through periodic meetings.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Develop, maintain and manage the City's GIS data repository; ensure the integrity, quality and accurate content and structure of data including geo-referenced raster data.

Collect, catalog, clean and verify the accuracy of source, spatial and attribute data.

Ensure Federal Geographic Data Committee (FGDC) compliant metadata for spatial datasets.

Test, analyze and/or recommend available software or other IT architectural components for GIS Infrastructure.

Provide on-site training and support to staff and other GIS users in City Departments.

Meet with local agencies, other City departments, councils and organizations to discuss GIS data issues.

Collaborate with other parties on obtaining accurate and complete information and maximizing resources.

Manage requests for GIS services throughout the City; Identify applications and methods for projects; act as City liaison between, county and state GIS agencies.

Functions as the Enterprise GIS Administrator.

Establishes data and policy standards across all city departments which will also integrate with other government agencies.

Identify needs for, coordinates and manages third party GIS contract work.

Uses self-paced study of GIS application software required for implementation of future City GIS planning.

Gathers and maintains information/data to prepare reports of completed and pending jobs for summary and research purposes.

Serves as the City of Dover's liaison to the Delaware Geographic Data Committee.

Supervises Staff.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

7/1/2021

CITY OF DOVER
POSITION DESCRIPTION
Grant Writer

FLSA: Non-Exempt

GENERAL DESCRIPTION

The essential function of the position is to research and seek out grant opportunities for the City of Dover. This includes grant writing and reporting with public agencies, private foundations and corporations. This position will write proposals for both unrestricted operating revenue and restricted projects, submitting timely and accurate reports for all existing grant funded projects. This position works under general supervision independently developing work methods and sequences.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Conduct the full range of activities required to prepare, submit, and manage grant proposals to foundations, governmental, and corporate sources.

Perform research on foundations, government entities, and corporations to evaluate prospects for grants.

Work with other city departments to gather information necessary to report to corporate/foundation funders on the status of grant programs.

Comply with all grant reporting as required by foundation/corporate donors.

Provide stewardship to current foundation/corporate donors, including working to provide regular written updates.

Arrange and schedule onsite tours for City leadership and prospects/donors.

Maintain current records in a database and in paper files, including grant tracking and reporting.

Track statistics relevant to grant development and provide written materials necessary for donor stewardship.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

02/23/09 MAG REPORT
9/28/18 KDH

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: METER CREW LEADER

FLSA: Non-Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to plan and oversee meter reading activities. The position is responsible for supervising assigned personnel, planning, scheduling, training, maintaining records, public education, customer service, and related paperwork. The position works independently, reporting major activities through periodic meetings.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Supervises assigned personnel, including, training, assigning and evaluating work, counseling, disciplining, and tracking employee sick, vacation, and personal time.

Develops and maintains computer records and programs for meter testing and meter programming of remote meter reading and data acquisition devices.

Develops spreadsheets for special billings and recording applications; develops and maintains databases for meter history, meter tests, work orders, meter treaters, and junked meters.

Monitors commercial accounts to ensure compliance of meter readings with rate tariffs; interacts with commercial accounts to provide information/advice and resolve issues, problems, or complaints.

Assists with preparation of annual budget; creates and modifies rate tariffs; negotiates contracts.

Prepares lists to schedule all meters for testing.

Develops and conducts safety and conservation presentations for schools, businesses, civic groups, home and trade shows, festivals, or other groups and events; conducts programs of responsibility.

Performs clerical tasks such as data entry, creating spreadsheets, creating and maintaining record systems, faxing, telephoning, and photocopying.

Gathers and maintains information/data to support periodic and special reports documenting activities for area of responsibility.

Attends or conducts staff and other professional meetings to exchange information.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Collects, classifies, and formats data or information.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Provides assistance to people to achieve task completion; instructs or assigns duties to departmental personnel.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Leads or handles machines, tools, equipment, or work aids involving moderate latitude for judgment regarding attainment of standard or in selecting appropriate items, such as computers and software used for programming custom applications or other complex software; may involve installation and testing.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving considerable economies and/or preventing considerable losses through the management or handling of very large amounts of money.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires considerable responsibility for the first-line supervision of the provision of continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses practical application of fractions, percentages, ratios and proportions, measurements, or logarithms; may use algebraic solutions of equations and equalities, deductive geometry, and/or descriptive statistics.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads journals and manuals; composes specialized reports and business letters using proper format and grammar; speaks to groups of coworkers and people outside the organization.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs skilled work involving rules/systems with almost constant problem solving; requires normal attention with short periods of concentration for accurate results and occasional exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with moderately serious impact - affects work unit and may affect other units or citizens.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires associate's degree or the equivalent of two years of college or vocational school education in computer operation, business management, or a closely related field.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires valid Delaware Driver's License.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires four years of related experience.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires sedentary work involving standing or walking for brief periods, exerting up to 10 pounds of force on a regular basis, and moderate dexterity in operating machines, tools, or office equipment.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to extreme heat or cold, wet/humid conditions, bright or dim lights, dust/pollen, and traffic.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, and speaking.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: PLANNING AND COMMUNITY DEVELOPMENT DIRECTOR

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to oversee and direct the City's Planning and Inspections Department (Planning Building Inspections, Code Enforcement, Licensing and Permitting, Fire Marshal's Office). The position is responsible for supervising staff, establishing long range plans, developing goals, objectives, policy and procedures, managing planning and inspections and parks and recreation activities, events and programming, preparing budgets, managing revenues and evaluating, documenting, and reporting on events and activities to senior management and elected or appointed officials. The position develops and implements programs within organizational policies; reports major activities to executive level administrators through conferences and reports. Decision-making is the main focus of job, affecting entire organization and surrounding population; works in an unstable environment with frequent and significant changes in conditions.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Supervises staff including establishing staffing standards, organizing, selecting or recommending selection, training, assigning and evaluating work, counseling, disciplining, and terminating or recommending termination.

Develops goals, objectives, policy and procedures for departmental activities and programs in consultation with regulatory agencies, elected or appointed officials, senior management, and department heads.

Monitors and researches trends, studies, statistics, new methodology and technology, laws, rules, and City policy to develop and enhance City planning and inspection processes and activities; monitors and interprets codes and ordinances for enforcement.

Directs planning activities including developing comprehensive and multi-year plans, coordinating local and regional planning, drafting planning ordinances or resolutions, monitoring federal or state laws and programs to coordinate functional or special planning, and other management functions to foster planned and coordinated growth and development. As well as assist City Manager by providing planning input for economic development.

Plans and manages inspection operations by coordinating with other departments, senior management, and staff, reviewing or scheduling work requirements, evaluating progress, and recording significant events and activities.

Advises and consults with elected and appointed officials, commissions, federal or state regulatory agencies, department heads, staff agencies, developers, civic or private groups, individuals, and others on problems, strategies, policies, and procedures related to planning and inspection services.

Represents the City on regional and local boards or committees and at meetings concerning planning and inspection issues; makes presentations to elected or appointed officials, department heads and staff, and other public or private agencies or groups on significant planning and inspection issues or programs.

Oversees administrative matters such as developing and defending departmental budgets, administering expenditures, forecasting and managing revenues, conducting special studies or inspections, managing correspondence and records, preparing routine and special reports, administering training, providing for staff technical or professional growth, and other administrative duties.

PLANNING AND COMMUNITY DEVELOPMENT DIRECTOR

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Planning or directing others in the sequence of major activities and reporting on operations and activities which are very broad in scope.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Negotiating, exchanging ideas, information, and opinions with others to formulate policy and programs or arrive jointly at decisions, conclusions, or solutions.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Handling or using machines, tools, or equipment requiring moderate instruction and experience such as large shop equipment and machines, firefighting apparatus, protective equipment, gang mowers, tractors, vehicles, police vehicles or light trucks, firearms, computers, peripherals, medical or dental equipment, software programs such as word processing, spreadsheets, or custom applications, switchboard or may repair power tools and light equipment and office machines.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility for achieving major economies or preventing major losses through the management of a highly complex and/or technical department, or through developing and recommending policy as legal counsel.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Mentors others by advising, counseling, or guiding them regarding problems that may be resolved by legal, scientific, clinical, spiritual, or other professional principles.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Develops and implements long range plans and programs to support the goals and objectives of the organization.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving major economies and/or preventing major losses through the management of a moderate sized department, authorizing expenditures of large amounts of money or supervising the purchasing of high value materials, supplies and equipment.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Serves as the head of an agency or department that has primary responsibility for the enforcement of public safety laws.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses practical application of fractions, percentages, ratios and proportions, measurements, or logarithms; may use algebraic solutions of equations and equalities, deductive geometry, and/or descriptive statistics.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads scientific and technical journals, abstracts, financial reports, and legal documents; writes complex articles and reports; makes presentations to professional groups.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs work involving the application of broad principles of professional management and leadership to solve new problems for which conventional solutions do not exist; requires sustained, intense concentration for accurate results and continuous exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with severe impact - affects entire organization, other activities/organizations, the general public, and a wide geographic area; loss of life and/or damage is highly likely.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires bachelor's degree in planning, construction, engineering, architecture, business administration, or a closely related field.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires American Institute of Certified Planners certification.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires over eight years of related experience.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires sedentary work involving standing or walking for brief periods, exerting up to 10 pounds of force on a regular basis, and some dexterity in operating machines, tools, or office equipment.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to no unusual environmental hazards.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, color perception, depth perception, and texture perception.

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: PROGRAMMER ANALYST

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to perform systems analysis and design and create complex computer applications. The position is responsible for programs of responsibility, preparing reports, and user training and support. The position works under general supervision independently developing work methods and sequences.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Performs systems analysis and design of computer applications to maximize efficiency of software utilization.

Codes and tests computer applications to provide solutions to business needs.

Performs system and user documentation to educate users in proper software usage.

Troubleshoots in-house and third-party software applications to allow reliable software operation.

Plans and implements computer software changes and upgrades to keep systems current and ensure continuity.

Serves as liaison with third-party software vendor to resolve problems and increase efficiency of software usage.

Performs in-house formal and one-on-one training/instruction to educate users on computer-related concepts.

Continues self-study of technical manuals and periodicals to stay current with technology and emerging trends.

Provides security administration to control access to computer applications; serves as mentor and consultant to operator and other programmers to analyze problems and suggest solutions.

Maintains logs and records for the area of responsibility; prepares routine and special reports as required.

Attends staff meetings to exchange information; attends in-service training and technical or professional classes, seminars, or conferences to improve technical or professional skills.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Coordinates or determines time, place, or sequence of operations or activities based on analysis of data and possibly executes determinations or reports on events.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Provides assistance to people to achieve task completion; may instruct or assign duties to coworkers.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Leads or handles machines, tools, equipment, or work aids involving moderate latitude for judgment regarding attainment of standard or in selecting appropriate items, such as computers and software used for programming custom applications or other complex software or systems; involves installation and testing.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving major economies and/or preventing major losses through the management of large amounts of data.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires some responsibility for safety and health of others and/or for occasional enforcement of the standards of public safety or health.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses practical application of fractions, percentages, ratios and proportions, measurements, or logarithms; may use algebraic solutions of equations and equalities, deductive geometry, and/or descriptive statistics.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads journals and manuals; composes specialized reports and training material using proper format and grammar; speaks to groups of coworkers and people outside the organization.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs supervisory work involving policy and guidelines, solving both people and work related problems; requires continuous, close attention for accurate results and frequent exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with extremely serious impact - affects entire organization and impacts other activities/organizations and the general public.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires education or training equivalent to a bachelor's degree in computer science, computer programming, or a closely related field.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires none

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires two years of related experience.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires sedentary work involving standing or walking for brief periods, exerting up to 10 pounds of force on a regular basis, and considerable dexterity in operating office equipment.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to no unusual environmental hazards.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, and texture perception.

**CITY OF DOVER
POSITION DESCRIPTION**

PUBLIC SERVICES MANAGER

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to oversee and direct the Department of Public Service. The position is responsible for supervising staff, establishing long range plans, developing policy and procedures, managing departmental activities and events, preparing budgets, and evaluating, documenting, and reporting on events and activities to senior management and elected or appointed officials. The position formulates long range goals for the organization; develops policy and position papers and negotiates with chief administrative officer and/or elected officials. Decision-making almost entire focus of job, affecting most segments of the organization and the general public; works in a highly dynamic environment, responsible to establish goals, objectives and policies.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Supervises staff including establishing staffing standards, organizing, selecting or recommending selection, training, assigning and evaluating work, counseling, disciplining, and terminating or recommending termination.

Develops goals, objectives, policy and procedures for departmental activities and programs in consultation with regulatory agencies, elected or appointed officials, senior management, department heads, and department staff.

Monitors and researches trends, new methodology and technology, laws, rules, and City policy to develop and enhance public service processes and activities, and plan for future expansion to meet growth needs.

Directs departmental activities, including general engineering, grounds ,street maintenance, drainage, highway and bridge construction, solid waste collection, planning , inspections, and evaluations, contingency planning, safety, and other activities, processes, or programs.

Advises and consults with elected and appointed officials, commissions, federal or state regulatory agencies, department heads, staff agencies, developers, civic or private groups, individuals, and others on problems, strategies, policies, and procedures related to public works services.

Represents the City on regional and local boards or committees and at meetings concerning public works issues; makes presentations to elected or appointed officials, department heads and staff, and other public or private agencies or groups on significant public works issues or programs.

Oversees administrative matters such as developing and defending departmental budgets, administering expenditures, conducting special studies, preparing departmental CIP, managing correspondence and records, reviewing contracts and bills, preparing routine and special reports, administering training, providing for staff technical or professional growth, and other administrative duties.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Planning or directing others in the sequence of major activities and reporting on operations and activities which are very broad in scope.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Counseling or instructing/training others through explanation, demonstration and supervised practice or making recommendations based on technical expertise.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Supervising the activities of those operating or repairing complex machinery or equipment that requires extended training and experience; may involve development, installation and testing. Span of control and scope of operations is extensive involving a large number of facilities.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving wide-spread economies and/or preventing losses through the management of a department that has an organization-wide impact or significant impact on the general population, or the supervision of a staff of attorneys.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires management level responsibility for application and interpretation of the policies regarding the provision of continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses mathematics involving the practical application of fractions, percentages, ratios and proportions; or measurements, logarithmic, or geometric construction; may use algebraic solutions of equations and inequalities; descriptive statistics; deductive geometry, plane and solid, and rectangular coordinates; mathematical classifications or schemes.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reading and interpreting professional materials involving advanced bodies of knowledge related to politics, economics, technology, law, medicine, and other complex disciplines; writing extremely complex papers and reports; speaking to high level scientific, political, economic, legal medical, or other such groups.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs work involving the application of principles of logical thinking, scientific, medical, or legal practice to diagnose or define problems, collect data and solve abstract problems with widespread unit or organization impact; requires sustained, intense concentration for accurate results and continuous exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Impact of decisions impact is severe-affects entire organization, other activities/organizations, the general public, and a wide geographic area or loss of life and/or damage could occur and is highly likely.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires Master of Science degree in a professional or scientific field such as physics, engineering, geology or closely related field.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires valid Delaware Driver's License and Professional Engineer License or another comparable license.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires a minimum eight years of related experience.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires light to medium work that involves walking or standing virtually all of the time and also involves exerting between 20 and 50 pounds of force on a regular and recurring basis or considerable skill, adeptness and speed in the use of the fingers, hands or limbs in tasks involving close tolerances or limits of accuracy.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed bright/dim light; dusts and pollen.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, and depth perception.

The position requires normal visual acuity and field of vision, hearing, speaking, color perception, and texture perception.

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: RECORDS MANAGEMENT COORDINATOR

FLSA: Non-Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to provide for the implementation and maintenance of the City Records Management Policy, which includes the maintenance, storage, retrieval, retention, and disposal of City documents. This position receives minimal supervision; considerable judgment is required to make independent routine decisions consistent with City and departmental policies and procedures. Responsible for actions of others, requiring almost constant decisions affecting coworkers, crime victims, patients, customers, clients or others in the general public; work in a moderately fluid environment with guidelines and rules, but frequent variations from the routine.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Answers telephone, providing routine information, directing callers to appropriate personnel, or taking and relaying messages.

Engages in the maintenance, storage, retrieval, retention, and disposal of records and files.

Assists in the preparation and maintenance of Council and Committee related materials and other documentation requiring strict confidentiality.

Plans, organizes, and maintains the records for the City, working directly with each department's assigned records officer.

Monitors, reviews, and evaluates the work of City staff engaged in records maintenance to ensure conformance with City policies and state and federal laws.

Responsible for handling requests of the Mayor, Council, staff, and citizens with regards to researching records for information.

Assists in developing training schedules, record retrievals, and destruction of records in accordance with legal requirements.

Coordinates optical imaging system activities and manual record keeping functions.

Develops and implements record keeping procedures for the maintenance and control of records, and reviews and audits files for accuracy.

Responsible for working with other departments with records retention, including having their records incorporated into an imaging system, meeting archiving requirements, and records disposition.

Maintains manual and computer records and develops a variety of operational reports.

Acts on behalf of the City Clerk for assurance in retention schedule compliance of all city records and when archiving requirements have been met, assists in the disposition of records.

Analyzes, interprets, and verifies applicability of laws, rules, and standards and communicates with appropriate staff/officials to ensure proper interpretation and requests corrected documentation when there are discrepancies.

Evaluates and analyzes records systems, making recommendations for new/revised policies, procedures, goals, projects, and priorities.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Summarizing, tabulating, or formatting data or information in accordance with a prescribed schema or plan, to facilitate the identification and extraction of useful information.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Speaking or signaling to people to convey or exchange information of a general nature.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Handling or using machines, tools, or equipment requiring brief instruction or experience such as hand and power tools, buffers, floor polishers, vacuum sweepers, outdoor hand-held power equipment, small mowers, commercial kitchen equipment, computers for data entry, fax, complex copiers, phone systems, and other similar equipment, services office machines including such actions as adding paper and changing toner.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires some responsibility for achieving minor economies and/or preventing minor losses through the handling of or accounting for materials, supplies, or small amounts of money.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires some responsibility for the safety and health of others and/or for occasional enforcement of the standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Using addition and subtraction, multiplication, and division, and/or calculating ratios, rates and percents.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reading technical instructions, procedures manuals, and charts to solve practical problems such as assembly instruction for tools, routine office equipment operating instructions, and methods and procedures for investigations, and in drawing layout work; composing routine reports and specialized reports, forms, and business letters, with proper format; speaking compound sentences using normal grammar and word form.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs skilled work involving rules/systems with almost constant problem solving; requires normal attention with short periods of concentration for accurate results and occasional exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Impact of decisions is moderately serious-affects most units in organization, and may affect citizens or loss of life and/or damage could occur and probability is likely.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires high school diploma or GED, and formal training, special courses or self-education that is equivalent to satisfactory completion of one year of college education or specialized advanced trained.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refer to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires none

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires a minimum of six months of related experience.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires light work that involves walking or standing most of the time and involves exerting up to 20 pounds of force on a regular and recurring basis or skill, adeptness and speed in the use of fingers, hands or limbs on repetitive operation of mechanical or electronic office or shop machines or tools within moderate tolerances or limits or limits of accuracy.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refer to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to no unusual environmental hazards.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, and speaking.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: SENIOR ENGINEERING FIELD WORKER

FLSA: Non-Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to manage daily operations of the Electrical Engineering Department. The position is responsible for staff supervision, planning, system operations, training, budgets, bids, materials and equipment, and reporting. The position works independently, reporting major activities through periodic meetings.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Supervises staff, including selecting or recommending selection, training, assigning and evaluating work, counseling, disciplining, and terminating or recommending termination.

Prepares work plans for the area of responsibility; ensures compliance with applicable City codes, ordinances, and safety regulations in the execution of plans.

Manages the City's electrical system, ensuring quality service to customers; assists with restoration of power when outages occur.

Performs field inspections of developer and electrical contractor installations to ensure compliance with designs, specifications, and City codes and ordinances.

Compiles information/data and develops budgets for the area of responsibility; oversees and approves expenditures.

Prepares bids and purchases large quantities of materials for electrical projects; researches ways to cut costs without compromising quality.

Gathers and maintains information/data to support periodic and special reports documenting projects/activities for area of responsibility.

Attends or conducts staff and other professional meetings to exchange information; attends technical or professional seminars or conferences to improve technical or professional skills.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Collects, classifies, and formats data or information.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Supervises or directs others by determining or interpreting work procedures, assigning specific duties, maintaining harmonious relations, and promoting efficiency.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Coordinates the handling of machines, tools, equipment, or work aids involving extensive latitude for judgment regarding attainment of standard or in selecting appropriate items, such as construction or electrical equipment.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving major economies and/or preventing major losses through the management of a moderate sized department, authorizing expenditures of large amounts of money, supervising the purchasing of high value materials, supplies and equipment.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires management level responsibility for application and interpretation of the policies regarding the provision of continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses practical application of fractions, percentages, ratios and proportions, measurements, or logarithms; may use algebraic solutions of equations and equalities, deductive geometry, and/or descriptive statistics.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads journals and manuals; composes specialized reports and business letters using proper format and grammar; speaks to groups of coworkers and people outside the organization.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs coordinating work involving guidelines and rules with constant problem solving; requires continuous, close attention for accurate results or frequent exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with moderately serious impact - affects work unit and affects other units or citizens.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires associate's degree or the equivalent of two years of college or specialized vocational training in computers, drafting, surveying, civil engineering, or a closely related field.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires valid Delaware Driver's License and Notary Public certification.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires six years of related experience.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires light work involving standing or walking much of the time, exerting up to 20 pounds of force on a regular basis, and moderate dexterity in operating machinery, tools, or office equipment.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to extreme heat or cold, wet/humid conditions, bright or dim lights, dust/pollen, intense noise levels, fumes or noxious odors, moving mechanical parts, electrical shock, traffic, animals/wildlife, and toxic or caustic chemicals.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, color perception, sense of smell, and depth perception.

Collects, classifies, and formats data or information.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Supervises or directs others by determining or interpreting work procedures, assigning specific duties, maintaining harmonious relations, and promoting efficiency.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Handles machines, tools, equipment, or work aids involving moderate latitude for judgment regarding attainment of standard or in selecting appropriate items, such as vehicles, chain saw, chipper, computer, or software programs such as word processing.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving considerable economies and/or preventing considerable losses through the management of a large division, and/or handling of very high value equipment and materials.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires considerable responsibility for the first-line supervision of the provision of continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Uses basic algebra calculating variables and formulas, and/or basic geometry, calculating plane and solid figures; may compute ratios and proportions, and percentages.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reads journals and manuals; composes specialized reports and business letters using proper format and grammar; speaks to groups of coworkers and people outside the organization.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs supervisory work involving policy and guidelines, solving both people and work related problems; requires continuous, close attention for accurate results and frequent exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with moderately serious impact - affects work unit and may affect other units or citizens.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires associate's degree or the equivalent of two years of college or vocational school education in arboriculture or a closely related field.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires valid Delaware Commercial Driver's License, Arborist certification, certified nursery professional, and Delaware applicators license including right-of-way, ornamental, and turf applications.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires four years of related experience.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refers to the requirements for physical exertion and coordination of limb and body movement.*

Requires light to medium work involving standing or walking most of the time, exerting up to 20 pounds of force on a regular basis, and considerable skill, adeptness, and speed in the use of the fingers, hands, or limbs in tasks involving close tolerances.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refers to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to extreme heat or cold, wet/humid conditions, bright or dim lights, dust/pollen, intense noise levels, moving mechanical parts, electrical shock, heights, traffic, toxic or caustic chemicals, high wind, ice, and tornadoes.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, and color perception.

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

**CITY OF DOVER
POSITION DESCRIPTION**

TITLE: SUPPORT SERVICES MANAGER

FLSA: Non-Exempt

CITY OF DOVER

POSITION DESCRIPTION

TITLE: WATER PRODUCTION MANAGER

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to assist the Public Works Director / Assistant Public Works Director in overseeing and directing the Water Production and Treatment Division. The position is responsible for supervising staff, training, engineering design and review, overseeing operations of the water production facilities, establishing long range plans, developing policy and procedures, preparing budgets, and evaluating, documenting, and reporting on events and activities to senior management. The position develops and implements programs within organizational policies; reporting major activities to senior management through periodic meetings and reports. Decision making almost entire focus of job, affecting most segments of the organization and the general public; works in a highly dynamic environment, responsible to establish goals, objectives and policies.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Supervises staff, including organizing, selecting or recommending selection, providing or coordinating staff training, motivating and evaluating personnel, assigning and evaluating work, counseling, disciplining, and terminating or recommending termination.

Responsible for creating and maintaining a productive, harmonious and respectful work environment. Genuine concern for employees' success, hiring, training, empowerment and staff development. Strong understanding of leadership principles and practices.

Evaluates designs, improvements, and upgrades for: water production and distribution system; ordinances, regulations, and laws. Provides mark-up drawings/lists or acceptance letters related to the proposed documents.

Fulfill the role of Direct Responsible Charge for the City of Dover, and meet all regulatory requirements outlined with the position.

Interacts with staff and citizens to provide information and respond to questions and complaints relating to area of responsibility.

Performs administrative functions such as developing and defending divisional budgets, administering expenditures, conducting special studies, preparing divisional CIP, managing correspondence and records, reviewing contracts and bills, preparing routine and special reports, determining cost effectiveness of parts, supplies, and repairs.

Develops goals, objectives, policy and procedures for divisional activities and programs in consultation with regulatory agencies, elected or appointed officials, senior management, department heads, and department staff.

Monitors and researches trends, new methodology and technology, laws, rules, and City policy to develop and enhance public service processes and activities, and plan for future expansion to meet growth needs.

Directs divisional activities including water treatment and distribution and other activities, processes, or programs.

Gathers and maintains information/data to support periodic and special reports documenting activities for area of responsibility.

Represents the City on regional and local boards or committees and at meetings concerning water treatment activities; makes presentations to elected or appointed officials, department heads and staff, and other public or private agencies or groups on significant divisional issues or programs.

Attends or conducts staff and other professional meetings to exchange information; attends technical or professional seminars or conferences to improve technical or professional skills.

Oversight of operation of water production facilities to ensure policy, procedure, and regulation compliance by staff.

Monitors water treatment processes to ensure standard-quality water, including operation of chemical and physical processes; develops and oversees plan of action to correct difficulties.

Researches, develops and implements plans for water disinfecting, fluoridation, sampling, monitoring, and equipment upgrades to meet increasing industry standards, regulations and requirements.

DATA RESPONSIBILITY: *Data refers to information, knowledge, and conceptions obtained by observation, investigation, interpretation, visualization, and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts, and oral verbalizations.*

Synthesizing or integrating analysis of data or information to discover facts or develop knowledge or interpretations; changes policies, procedures, or methodologies based on new facts, knowledge, or interpretations.

PEOPLE RESPONSIBILITY: *People refers to individuals who have contact with or are influenced by the position.*

Negotiating, exchanging ideas, information, and opinions with others to formulate policy and programs or arrive jointly at decisions, conclusions, or solutions.

INVOLVEMENT WITH THINGS: *Things refers to inanimate objects such as substances, materials, machines, tools, equipment, work aids, or products. A thing is tangible and has shape, form, and other physical characteristics.*

Leading or operating software programs such as word processing, spreadsheets, or custom applications, programming software or may repair power tools and light equipment and office machines.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Requires responsibility and opportunity for achieving considerable economies and/or preventing considerable losses through the management of a large division or minor department, and/or handling of very large amounts of money.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for other people's safety, either inherent in the job or to assure the safety of the general public.*

Requires considerable responsibility for the first-line supervision of the provision of continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics deals with quantities, magnitudes, and forms and their relationships and attributes by the use of numbers and symbols.*

Using algebra working with such factors as exponents, logarithms, linear and quadratic equations; concepts of analytic geometry, differentiation and integration of algebraic functions; statistics applying such functions as frequency distribution, reliability, validity and correlation techniques; finance and economics using financial and econometric models.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reading scientific and technical journals, abstracts, financial reports, and legal documents; speaking before professional and civic groups, participating in panel discussions and speaking extemporaneously on a variety of subjects; writing complex articles, reports, and developing presentations for sophisticated audiences.

COMPLEXITY OF WORK: *Complexity of work addresses the analysis, initiative, ingenuity, creativity, and concentration required by the position and the presence of any unusual pressures.*

Performs work involving the application of logical principles logical thinking, scientific, medical, or legal practice to diagnose or define problems, collect data and solve abstract problems with widespread unit or organization impact; requires sustained, intense concentration for accurate results and continuous exposure to unusual pressure.

IMPACT OF DECISIONS: *Impact of decisions refers to consequences such as damage to property, loss of data or property, exposure of the organization to legal liability, or injury or death to individuals.*

Makes decisions with very serious impact - affects entire organization and the general public; probability of loss of life and/or damage is very likely.

EDUCATION AND EXPERIENCE REQUIREMENTS

EDUCATION REQUIREMENTS: *Education requirements refers to job specific training and education required for entry into the position.*

Requires Bachelor's degree in engineering.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires Delaware Water Operator License, valid Delaware Driver's License and a Delaware Professional Engineer License.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires a minimum of six years of related experience.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refer to the requirements for physical exertion and coordination of limb and body movement.*

Requires light work that involves walking or standing most of the time and involves exerting up to 20 pounds of force on a regular and recurring basis or skill, adeptness and speed in the use of fingers, hands or limbs or repetitive operation of mechanical or electronic office or shop machines or tools within moderate tolerances or limits of accuracy.

UNAVOIDABLE HAZARDS: *Unavoidable hazards refer to unusual conditions in the work environment that may cause illness or injury.*

The position is exposed to extreme heat or cold, wet/humid conditions, bright or dim lights, dust/pollen, intense noise levels, vibration, fumes or noxious odors, moving mechanical parts, electrical shock, heights, traffic, animals/wildlife, and toxic or caustic chemicals.

SENSORY (ADA) REQUIREMENTS: *Sensory requirements refers to hearing, sight, touch, taste, and smell necessary to perform the tasks required by the position efficiently.*

The position requires normal visual acuity and field of vision, hearing, speaking, sense of taste, sense of smell, color perception, depth perception.

AMERICANS WITH DISABILITIES ACT COMPLIANCE

The City of Dover is an Equal Opportunity Employer. ADA requires the City to provide adequate accommodations to qualified persons with disabilities. Prospective and current employees are encouraged to discuss ADA accommodations with management.

CITY OF DOVER
WATER / WASTEWATER MAINTENANCE SUPERVISOR

FLSA: Exempt

GENERAL DESCRIPTION

The essential function of the position within the organization is to oversee water distribution and wastewater transmission operations and maintenance as well as Public Works construction projects performed by City staff. The position is responsible for staff supervision, planning, training, customer service, water quality, overseeing operations of the sewer lift stations, facilities and equipment maintenance, policy and regulation compliance, maintaining logs and records, and reporting. The position works independently, reporting major activities through periodic meetings.

PRIMARY DUTIES: *This list represents the essential tasks performed by the position. Employees may be assigned additional duties by management as required.*

Supervises staff; including selecting or recommending selection, training, assigning and evaluating work, counseling, disciplining, terminating or recommending termination, and preparing payroll information.

Oversees operation and maintenance of water distribution, wastewater transmission and sewer lift station facilities to ensure policy, procedure, and regulation compliance by staff.

Oversees the installation and construction of Public Works projects by staff to ensure policy, procedure, and regulation compliance.

Monitors maintenance of facilities and equipment for area of responsibility, performing periodic inspections to ensure optimal functioning.

Reviews and maintains required logs and records; sets up and maintains record system; processes daily paperwork including reports, memos, requisitions, and personnel information.

Gathers and maintains information/data to support periodic and special reports documenting activities for area of responsibility.

Attends or conducts staff and other professional meetings to exchange information; attends in-service training and technical or professional classes, seminars, or conferences to improve technical or professional skills.

Interacts with customers to provide information, discuss and resolve issues, problems, and complaints relating to the area of responsibility, or provide estimates.

Performs public relations with the general public to provide information and assist with resolution of issues, problems and complaints relating to Public Works construction projects.

Assists with preparation of new standards and specifications and revision of existing standards and specifications.

DATA RESPONSIBILITY: *Data are information, knowledge and conceptions obtained by observation, investigation, interpretation, visualization and mental creation. Data are intangible and include numbers, words, symbols, ideas, concepts and oral verbalizations.*

Coordinating or determining time, place or sequence of operations or activities based on analysis of data or information and may implement and report on operations and activities.

WATER / WASTEWATER MAINTENANCE SUPERVISOR

PEOPLE RESPONSIBILITY: *People are defined in the normal sense of the word and means co-workers, customers, crime victims, patients, the general public and any other persons the employee may encounter in the course of work.*

Supervising or leading other by determining work procedures, assigning duties, maintaining harmonious relations and promoting efficiency.

EQUIPMENT USAGE: *Equipment usage involves responsibility for materials, machines, tools, equipment, work aids and products.*

Supervising the activities of those operating or repairing complex machinery or equipment that requires extended training and experience such as HVAC equipment, heavy construction equipment, trucks using hydraulic pumping equipment, rescue vehicles, firefighting apparatus, aircraft, watercraft, protective equipment, electronic telecommunications equipment, electronic signaling equipment, commercial video equipment, medical, dental or scientific equipment, complex drafting or GIS software, or software used for programming custom systems; may involve development, installation and testing. Span of control and scope of operations is extensive involving a large number of facilities.

ASSETS RESPONSIBILITY: *Assets responsibility refers to the responsibility for achieving economies or preventing loss within the organization.*

Responsibility and opportunity for achieving considerable economies and/or preventing considerable losses through the management of a large division or minor department; and/or handling of very large amounts of money.

SAFETY OF OTHERS: *Safety of others refers to the responsibility for the safety of others, either inherent in the job or to assure the safety of the general public.*

Requires considerable responsibility for the first-line supervision of the provision of continuous enforcement of the laws and standards of public health and safety.

MATHEMATICAL REQUIREMENTS: *Mathematics requires the use of symbols, numbers and formulas to solve mathematical problems.*

Using mathematics involving the practical application of fractions, percentages, ratios and proportions; or measurements, logarithmic or geometric construction; may use algebraic solutions of equations and inequalities; descriptive statistics; deductive geometry, plane and solid, and rectangular coordinates; mathematical classifications or schemes.

COMMUNICATIONS REQUIREMENTS: *Communications involves the ability to read, write, and speak.*

Reading technical instructions, procedures manuals and charts to solve practical problems such as assembly instruction for tools, routine office equipment operating instruction, and methods and procedures for investigations, and in drawing and layout work; composing routine reports and specialized reports, forms, and business letters, with proper format; speaking compounds sentences using normal grammar and word form.

COMPLEXITY OF WORK: *Reasoning requires considerations of factors and variables to derive solutions to problems.*

Performs supervisory work involving policy and guidelines, solving both people and work related problems; requires continuous, close attention for accurate results or frequent exposure to unusual pressure.

WATER / WASTEWATER MAINTENANCE SUPERVISOR

IMPACT OF DECISIONS: *Mistakes can cause consequences such as damage to equipment and property, loss of data, exposure of the organization to legal liability and injury or death for individuals.*

Impact of decisions is very serious - affects entire organization and the general public or loss of life and/or damage could occur and probability is likely.

JUDGMENT: *Judgment refers to the frequency and complexity of judgments and decisions given the stability of the work environment, the nature and type of guidance, and the breadth of impact of the judgments and decisions.*

Responsible for actions of others requiring development of procedures and constant decisions affecting subordinate workers, crime victims, patients, customers, clients, or others in the general public; work in a very fluid environment with guidelines but significant variation.

EDUCATION AND EXPERIENCE REQUIREMENTS

VOCATIONAL / EDUCATIONAL PREPARATION: *Vocational / Educational preparation includes job specific training and education that may be acquired in a school, work, military, institutional or vocational environment, It does not include the orientation time required of a fully qualified worker to become accustomed to the special conditions of any new job, nor does it include the amount of time that a worker spends to learn reasoning, language, and mathematical skills, which are often learned in school.*

Requires high school diploma or GED and formal training, special courses or self-education that is equivalent to satisfactory completion of one year of college education or specialized advanced training.

LICENSES, CERTIFICATIONS, AND REGISTRATIONS REQUIRED: *Licenses, certifications, and registrations refers to professional, state, or federal licenses, certifications, or registrations required to enter the position.*

Requires valid Delaware Commercial Driver's License (Class B minimum with Tanker Endorsement), Delaware Water Operator License, and Delaware Certified Asbestos Abatement Worker License.

EXPERIENCE REQUIREMENTS: *Experience refers to the amount of work experience that is required for entry into the position that would result in reasonable expectation that the person can perform the tasks required by the position.*

Requires eight years of related experience.

AMERICANS WITH DISABILITIES REQUIREMENTS

PHYSICAL DEMANDS: *Physical demands refer to the physical exertion and dexterity requirements involving coordination of limb and body movement.*

Light to medium work that involves walking or standing virtually all of the time and also involves exerting between 20 and 50 pounds of force on a regular and recurring basis or considerable skill, adeptness and speed in the use of the fingers, hand or limbs in tasks involving close tolerances or limits of accuracy.

WATER / WASTEWATER MAINTENANCE SUPERVISOR

UNAVOIDABLE HAZARDS: *Unavoidable hazards refer to the job conditions that may lead to injury or health hazards even though precautions have been taken.*

Bright/dim light; Dusts and pollen – Works in dimly lit areas such as crawl spaces, outdoors in bright sunlight or in other situations where excessively bright or dim light conditions prevail; or works in outdoor or indoor areas with pollen producing vegetation prevalent.

Extreme heat and/or cold; Wet or humid conditions – Works outdoors in very hot or very cold conditions or indoors in areas where cold or hot conditions are generated such as a cold storage room or boiler room, or works outdoors in wet or humid conditions or indoors in areas where wet or humid conditions are generated such as kitchen dish washing machine area or food processing area.

Extreme noise levels; Animals/wildlife – Works indoors in areas generating extreme noise levels such as heavy machine shop or outdoors in areas where heavy machinery such as bulldozers or jackhammers are at work; or works in areas where exposure to animals and wildlife is deliberate such as a zoo or in relatively uninhabited outdoor area involving heavy vegetation or swampy conditions.

Traffic; Moving machinery – Operates vehicles in urban areas where heavy vehicle traffic is prevalent such as driving delivery truck to deliver mail and parcels within city; or works in proximity to moving mechanical parts such as in wood working or metal working shop.

Radiation; Disease/pathogens; Industrial toxic/caustic chemicals; Explosives – Works in areas where exposure to radiation is a possibility such as near x-ray equipment or in a nuclear reactor facility; or works in area where exposure to disease or pathogens is a possibility such as an animal control facility or hospital; or works in area where toxic or caustic chemicals are used, such as shop area where batteries are handled or charged or in areas where electronic parts are cleaned; or works in areas where explosions are possible such as maintained gas lines or welding or where explosions are deliberate such as excavation or earth moving.
