

With The Delaware Division of Fish and Wildlife's Aquatic Resources Education Center

This is a free opportunity for kids age 6 to 15 to learn about the relaxing sport of fishing. We feature activity stations, prizes, plus the opportunity for your child to fish. Kids can learn about getting started, fishing tips, where to fish and the gear you need to fish on your own. Come spend some quality time with your family at one of Delaware's beautiful ponds! All equipment is provided.

The program is free, but pre-registration is required. You can register by sending an email with your name and the number in your group to: mary.rivera@delaware.gov.

Participants age 16 and older are required to have a Delaware fishing license.
