NOTE: Please attach two copies of your parking plan. Each parking space is to have a unique identifier.

-Grass to be maintained per City Code (8").

-Drivable surfaces engineered to hold the weight of recreational vehicles, fire equipment, and other emergency response equipment in all types of weather. This is required and these surfaces must be 24' wide and maintained.

-Recreational vehicles shall not be parked within 25 feet of power lines as measured from the center of the utility pole. Vertical extensions from recreational vehicles shall not be closer than 25 feet to power lines as measured from any point on the vertical extension.

-Recreational vehicles shall not be parked closer than 10 feet to other recreational vehicles, buildings, or other structures.

-Any changes to the layout of recreational vehicle parking areas shall be required to be submitted to the licensing and permitting division at least 30 days prior to the event.

-It shall be the permit holders responsibility to ensure compliance with these requirements. Failure to comply with the provisions of this section shall result in a fine.

-See attached parking format for campers which must be adhered to.

-Failure to comply can result in the permit being revoked.
